PRINTING INSTRUCTIONS

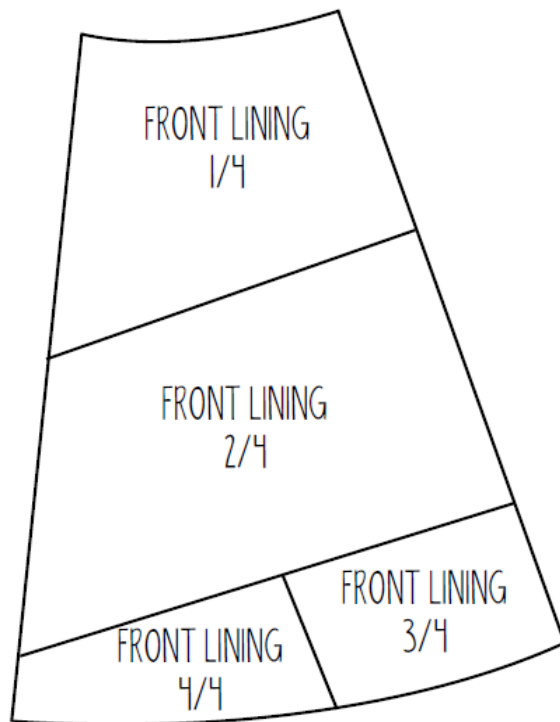

This pattern can be printed on letter size paper or A4 paper. In either case, make sure that you print it at 100%. **Make sure that the option 'Page Scaling' is set to 'None'.** Use the 1 inch and 3 cm squares which are printed on the pattern pages to check whether you printed correctly.

MATERIALS

- fabric for dress and lining: fine and light fabrics work best for bubble garments. Double gauze and lawn cottons are my personal favorites, but any other light-weight to quilting weight cottons also work well. Avoid knits – they do not give enough volume to the dress.
- Bias for finishing the armholes and neckline
- A blind zipper, at least the length of the back of the bodice, preferably a few centimeters longer
- scissors, thread, tape, pins, ... the usual.

ASSEMBLING THE PATTERN PIECES OF THE SKIRT LINING

DIMENSIONS OF THE OUTSIDE SKIRT (RECTANGLE)

The outer skirt is a simple rectangle, so there is no pattern piece for this. Instead, cut one or two rectangles (depending on the width of your fabric) with the following measurements:

In inches:

	1 year	18 months	2 years	3 years	4 years	5 years	6 years
length	9.8	10.2	10.8	11.2	11.8	12.4	13.4
width (if cut in 1 piece)	44.5	46.3	47.8	48.8	50.4	52.0	53.3
width (if cut in 2 pieces)	22.6	23.5	24.3	24.8	25.6	26.4	27.1

In centimetres:

	1 year	18 months	2 years	3 years	4 years	5 years	6 years
length	25,0	26,0	27,5	28,5	30,0	31,5	34,0
width (if cut in 1 piece)	113,0	117,5	121,5	124,0	128,0	132,0	135,5
width (if cut in 2 pieces)	57,5	59,8	61,8	63,0	65,0	67,0	68,8

DIMENSIONS OF THE FINISHED DRESS

Note: these are the dimensions of the finished dress, not of the girl who should ideally wear the dress! Compare these measurements with those of an existing dress which fits your little one well, in order to find out which size to choose.

In inches:

	1 year	18 mo	2 years	3 years	4 years	5 years	6 years
length (back neck to hem)	15.7	17.2	18.6	20.6	21.8	23.2	24.8
