Fringe Festival Scarf-T

You'll rock this fabulous T-shirt, designed for lightweight fluid or drape-y t-shirting fabrics...think bamboo, modal, rayon or tencel knit blends, or even silk jersey. Pull-over, cap sleeved T-shirt has center front & back seams, a curved hemline and a self fabric scarf tie at the V neckline. Fringe the ends of the scarf for a funky look, and add decorative stitches to the center front & back seams to really dial it up a notch..

Wear this wardrobe essential over jeans or slouchy pants for a fabulous casual outfit, or try it as a layering piece under a slick suit jacket or a cozy cardigan.

SEAM ALLOWANCES & OTHER INFO

Seam allowances are 3/8" or 1 cm wide;
hems are 1" or 2.5cm deep.
All seams are sewn right sides together
unless otherwise stated.

The scarf edges are left unfinished...
of course, if you'd rather not have the fringing,
or you'd prefer to hem your scarf, go ahead;
it's your t-shirt, after all!

Skills needed include: sewing with knits;
cutting a fringe; working a deep hem.

ABOUT THIS STYLE

This T has a semi-fitted silhouette; finish the tie with a
narrow hem, or leave the edges raw.

We usually recommend making a muslin before you cut
your fabric; again, see our special note in the circle below
...you'll probably be better off just 'going for it' and
adjusting as you go for this one!

FABRIC REQUIRED

All sizes need around
1 1/4 yards/115 cm of
60"/150cm wide fabric
for the T. That's all!

SUGGESTED FABRIC CUTTING LAYOUT FOR T & SCARF

fold fabric in half from selvedge to selvedge
for this layout

MOCK COVERSTITCH

We made our sample of this T with a mock coverstitch,
which is super-easy to do if you have an overlocker or serger.

(If you don't have an overlocker/serger, or you just don't like
how this looks, go ahead and construct this T in the usual way,
e.g., right sides together, with the seam allowances inside).

Here's how to do it...for the center front, center back and
shoulder seams and the side seams, join the pieces
with **WRONG SIDES TOGETHER**.

Press the seam allowances open, then to one side...
center front & back seams should go in the same direction;
shoulder and side seams go towards the back.

Now very carefully, and working as close to the seam as
possible, overlock/serge the seam allowances of the garment.

Stitch the overlocked/serged edges down through all
thicknesses...trim off any stray threads and that's it! Easy!

- 1 Join the 2 short ends of the scarf to make one long strip;
press the seam allowance open, then cut the ends of the scarf
into a fringe as marked on the pattern.

Set aside until step 3.

join the scarf to the neckline along	

instructions page 2 of 2

- 2a** Join the fronts along the center front seam;
join the backs along the center back seam.

Press all the seams open, or flat, depending on
your chosed method of seaming!

- 3** Matching the center back seam of the T to the
center back seam of the scarf, join the long edge
(the one marked on the pattern)
of the scarf to the T, stopping at the notches.

- 4** Working inside the T, press the neckline/scarf seam allowance
down towards the hem, then carefully stitch through
all thicknesses around the neckline, about 1/4" or 0.5cm
away from the scarf/neckline seam.

This will 'set' the scarf at the neckline, and also hem that
last pesky area at the center front neckline!

Press flat.

- 5** Join the front to the back along the
side seams, from the bottom edge to the armhole.

Press the side seams open or flat.

- 6** Hem the armholes and bottom with a 1" or 2.5cm deep hem,
press flat and you are d-o-n-e done!
