layout drawing

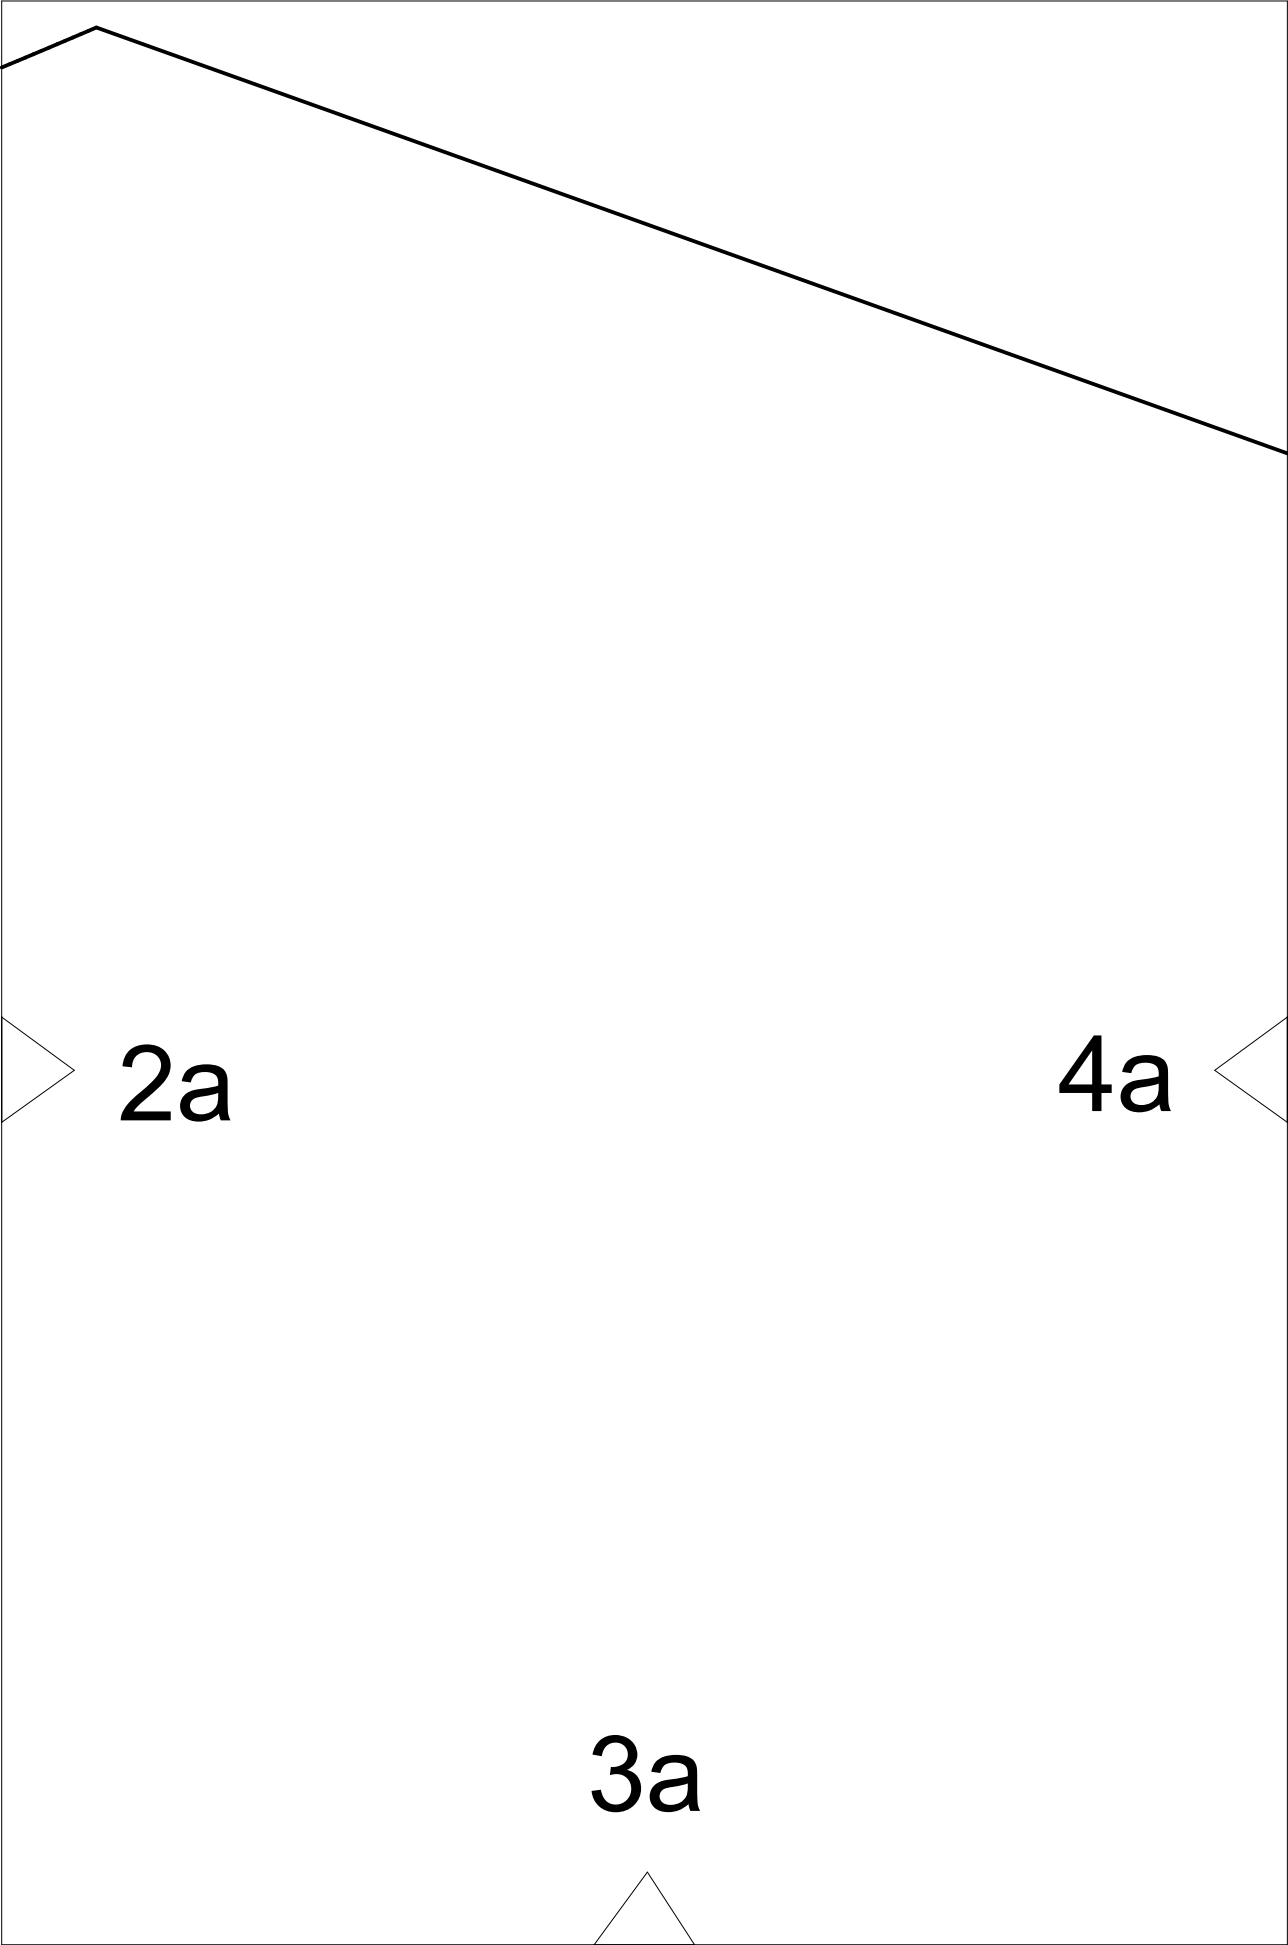

sleeve edge

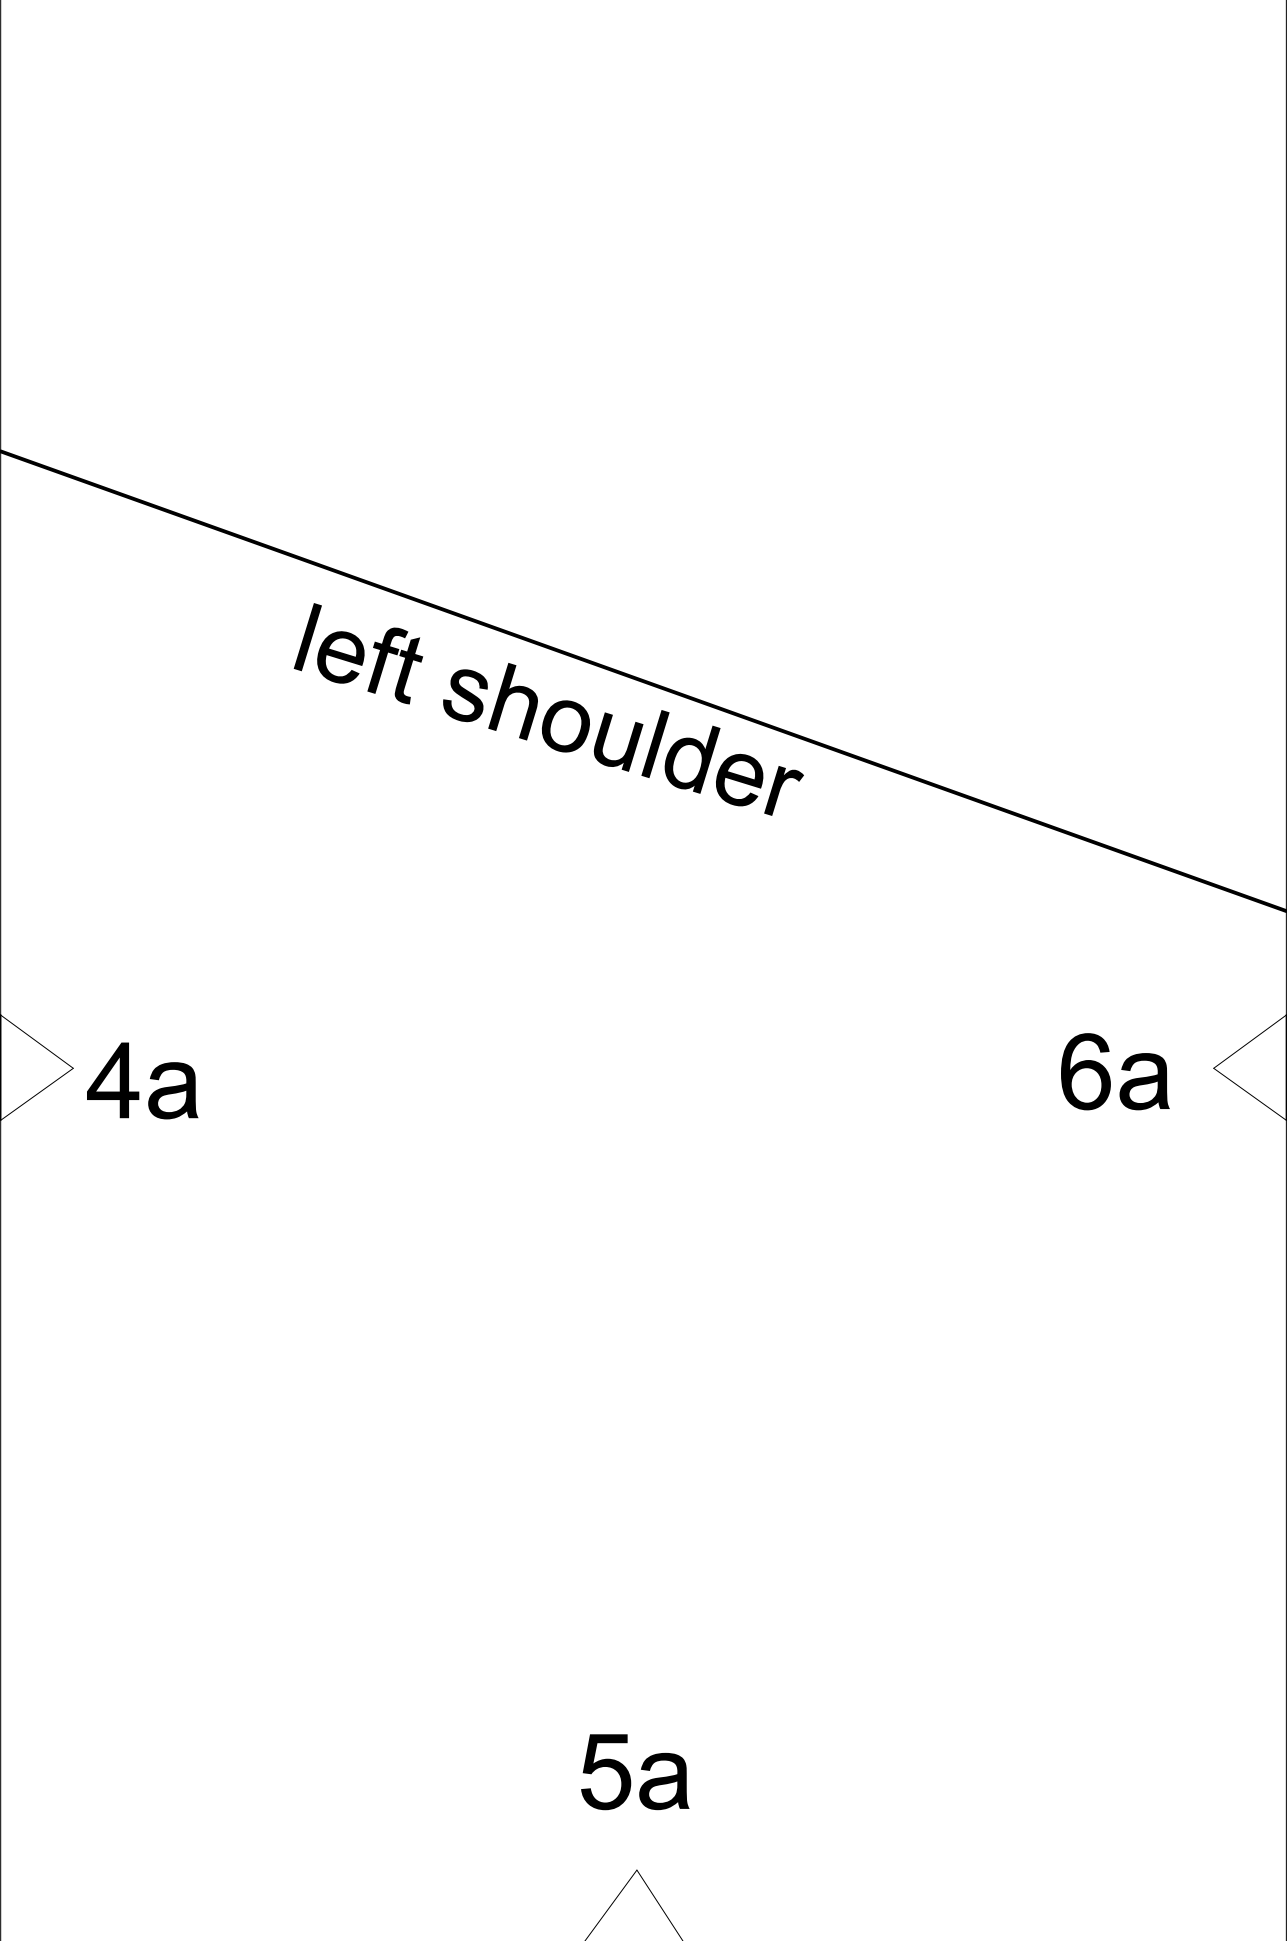

The diagram shows a technical drawing of a sleeve edge. A vertical line on the left is labeled 'FOLD-CENTER' with a double-headed arrow. A diagonal line at the top is labeled 'sleeve edge'. A horizontal line at the bottom is labeled '1a' with a triangle pointing to it. A vertical line on the right is labeled '2a' with a triangle pointing to it.

2a

1a

FOLD-CENTER

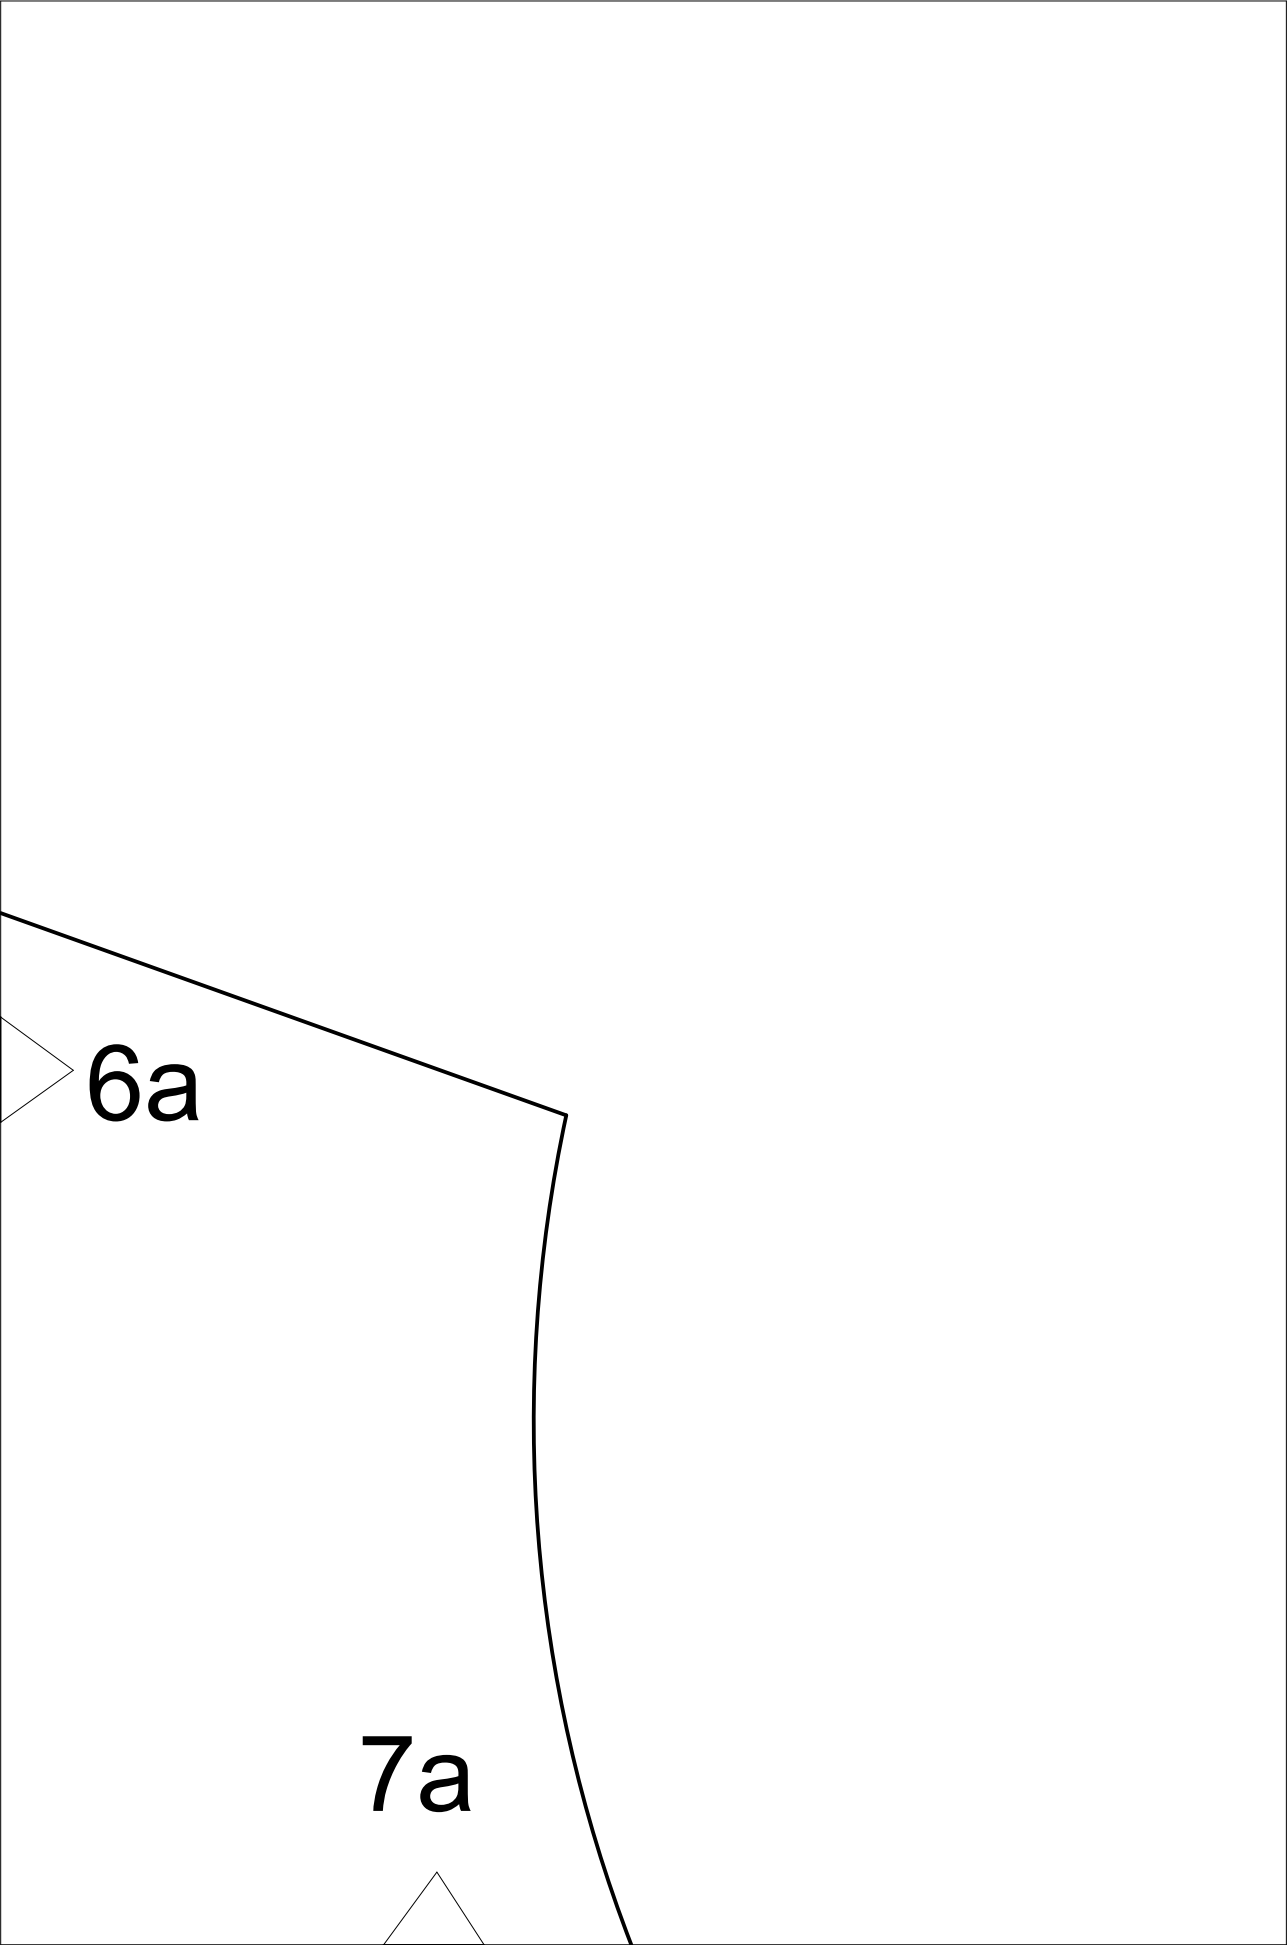

A diagram showing a rectangular frame. A diagonal line runs from the upper left towards the lower right. The text "left shoulder" is written along this line. On the left vertical edge, there is a small triangle pointing right, labeled "4a". On the right vertical edge, there is a small triangle pointing left, labeled "6a". At the bottom center, there is a small triangle pointing up, labeled "5a".

3b

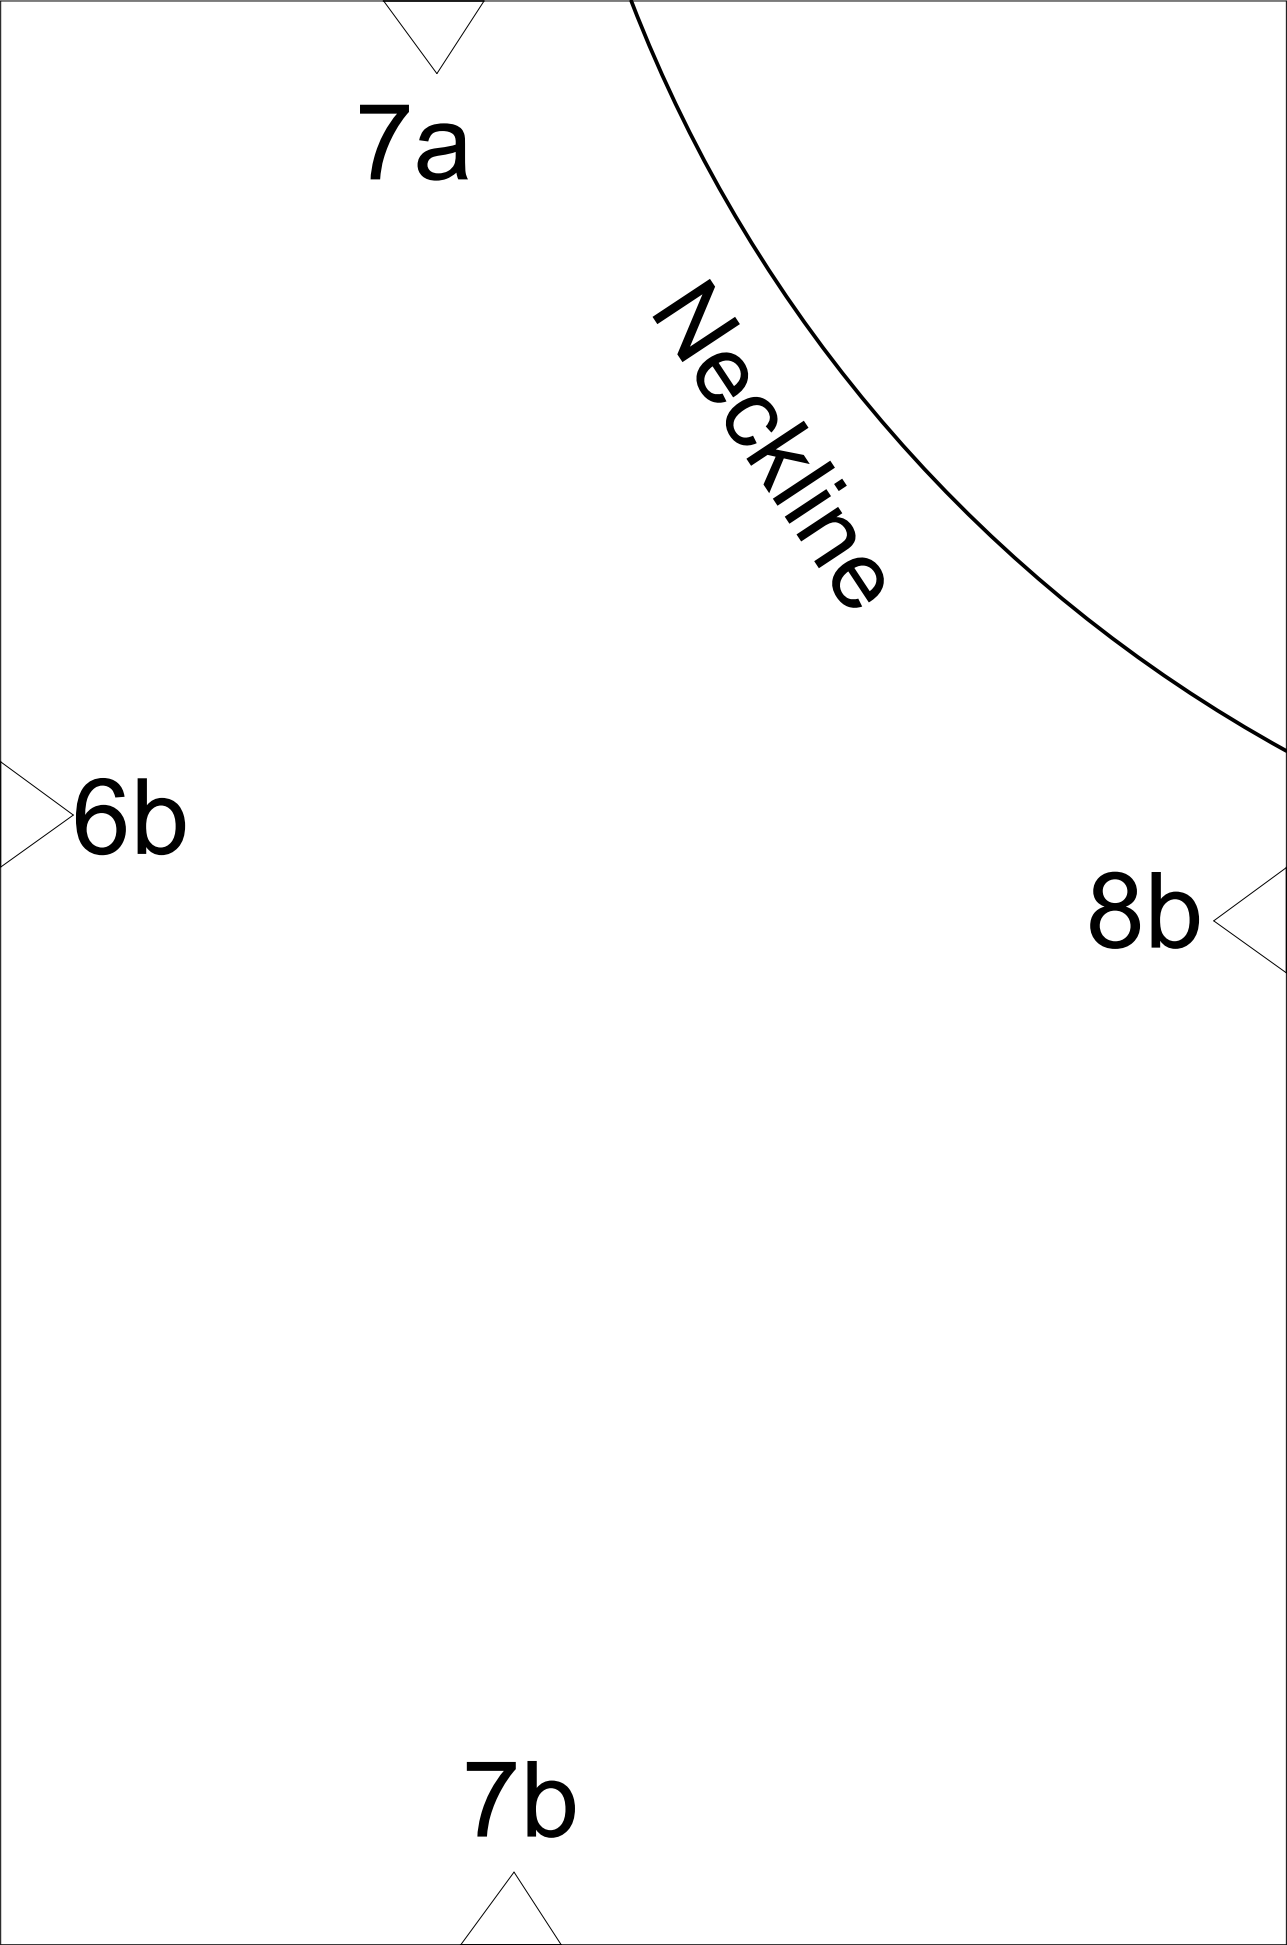

A diagram of a square with four triangles at its corners. The top triangle is labeled 5a, the bottom triangle is labeled 5b, the left triangle is labeled 4b, and the right triangle is labeled 6b. The triangles are oriented such that their hypotenuses are parallel to the sides of the square.

cut 1x

3c

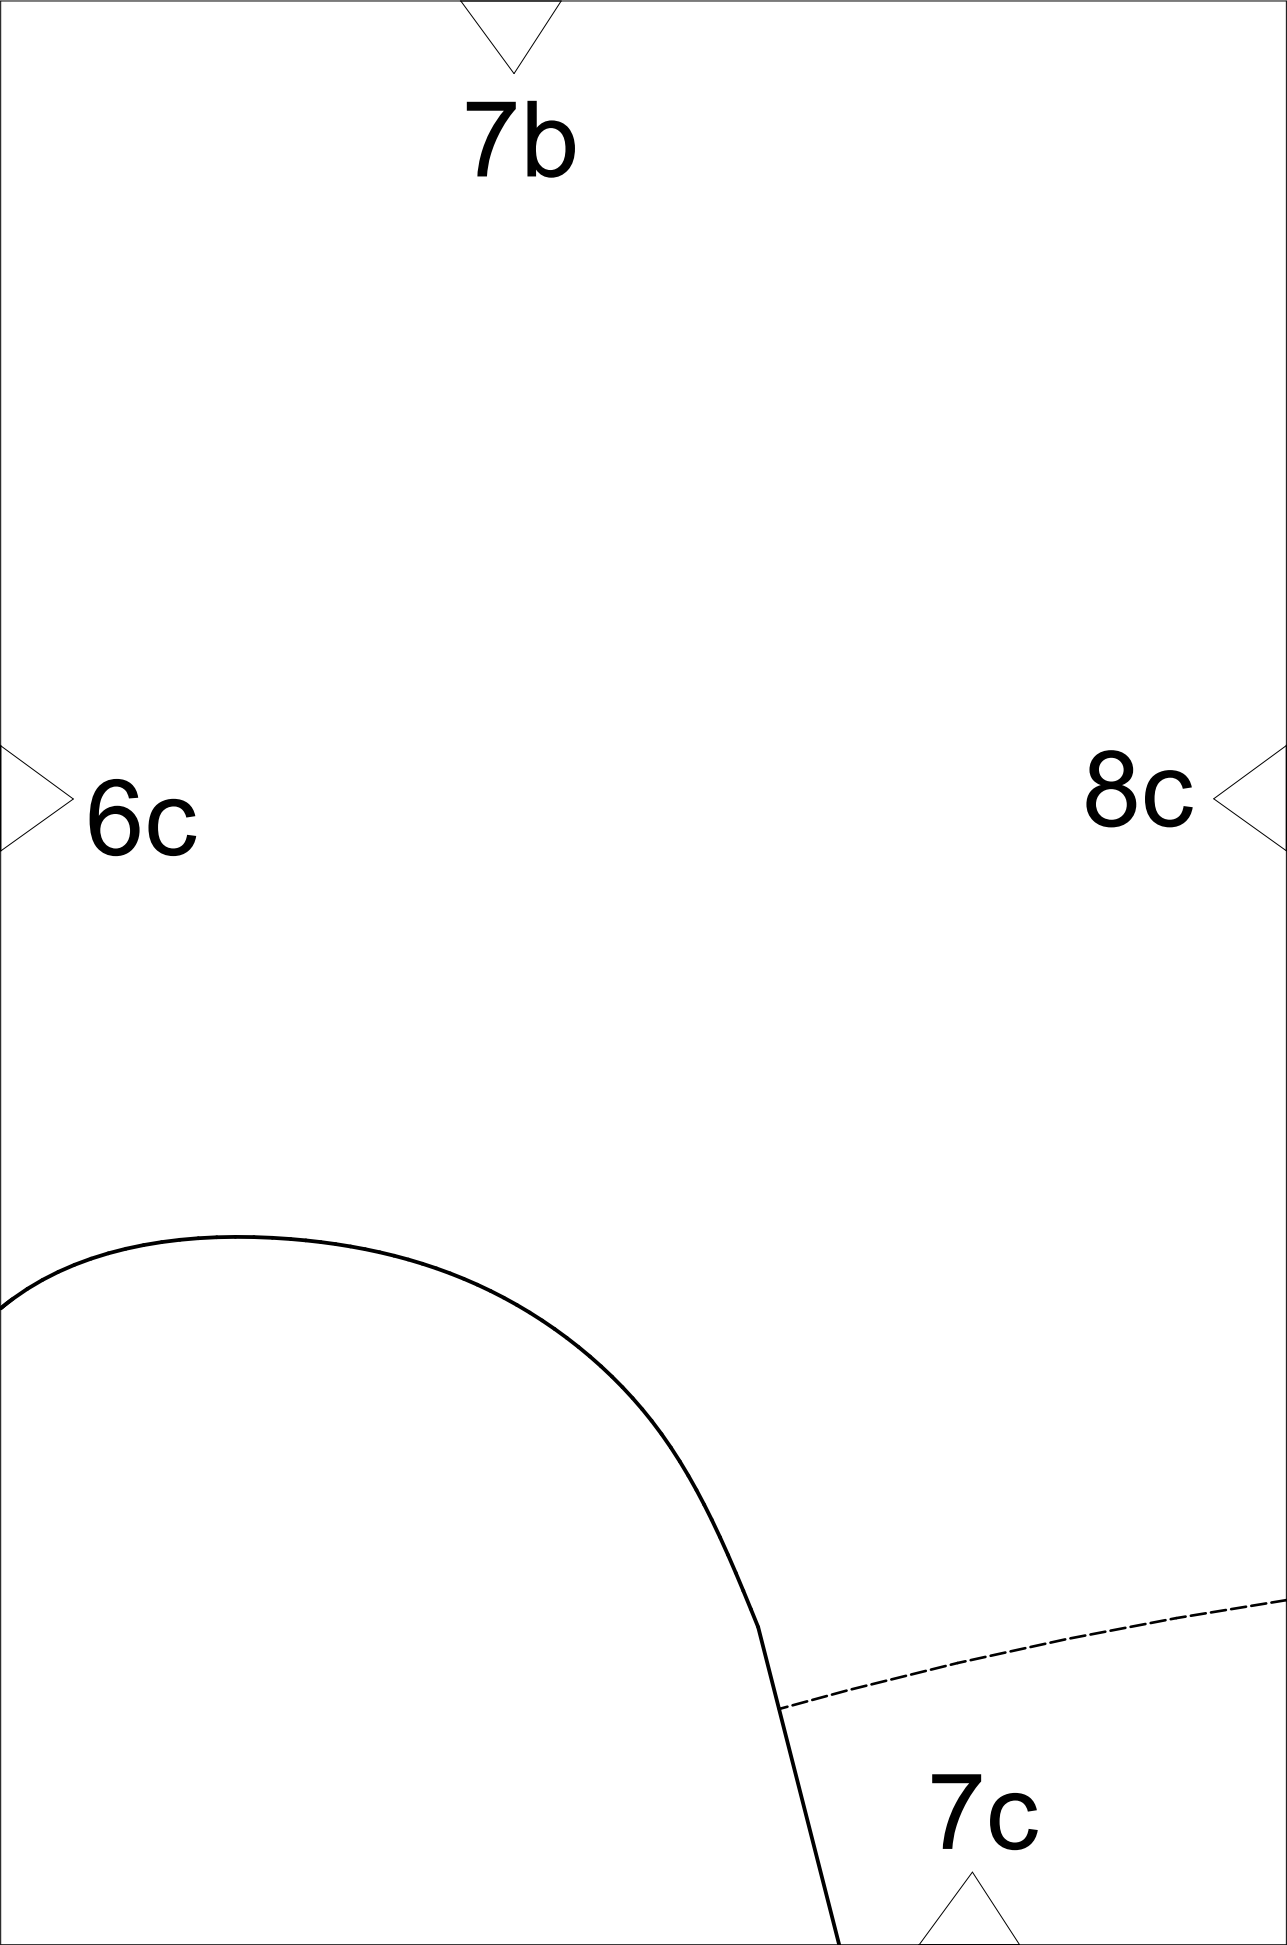

A diagram of a rectangle with a light gray background. The rectangle is defined by a thin black border. Inside the rectangle, there are four labels: '4c' on the left side, '5b' at the top center, '5c' at the bottom center, and '6c' on the right side. Each label is positioned near a small black triangle pointing towards the center of the rectangle. Additionally, a black quarter-circle arc is drawn in the bottom right corner of the rectangle.

5b

4c

6c

5c

A diagram of a rectangular sheet with four boundary conditions labeled 6c, 7b, 7c, and 8c. Boundary 6c is on the left edge with an outward-pointing triangle. Boundary 7b is on the top edge with an inward-pointing triangle. Boundary 7c is on the bottom edge with an upward-pointing triangle. Boundary 8c is on the right edge with an inward-pointing triangle. A solid curved line starts from the left edge and ends at the bottom edge. A dashed line segment connects the solid curve to the right edge.

7b

6c

8c

7c

A diagram of a garment pattern piece, likely a sleeve, enclosed in a rectangular border. The piece is defined by a vertical left edge, a horizontal top edge, a horizontal bottom edge, and a diagonal right edge. Three small triangles point to specific locations: one at the top center labeled '9b', one on the left edge labeled '8c', and one at the bottom center labeled '9c'. The text 'right shoulder' is written vertically along the diagonal edge. A dashed line runs horizontally across the lower portion of the piece, with the text 'alternatively sleeve edge' written above it.

sleeve edge

9c

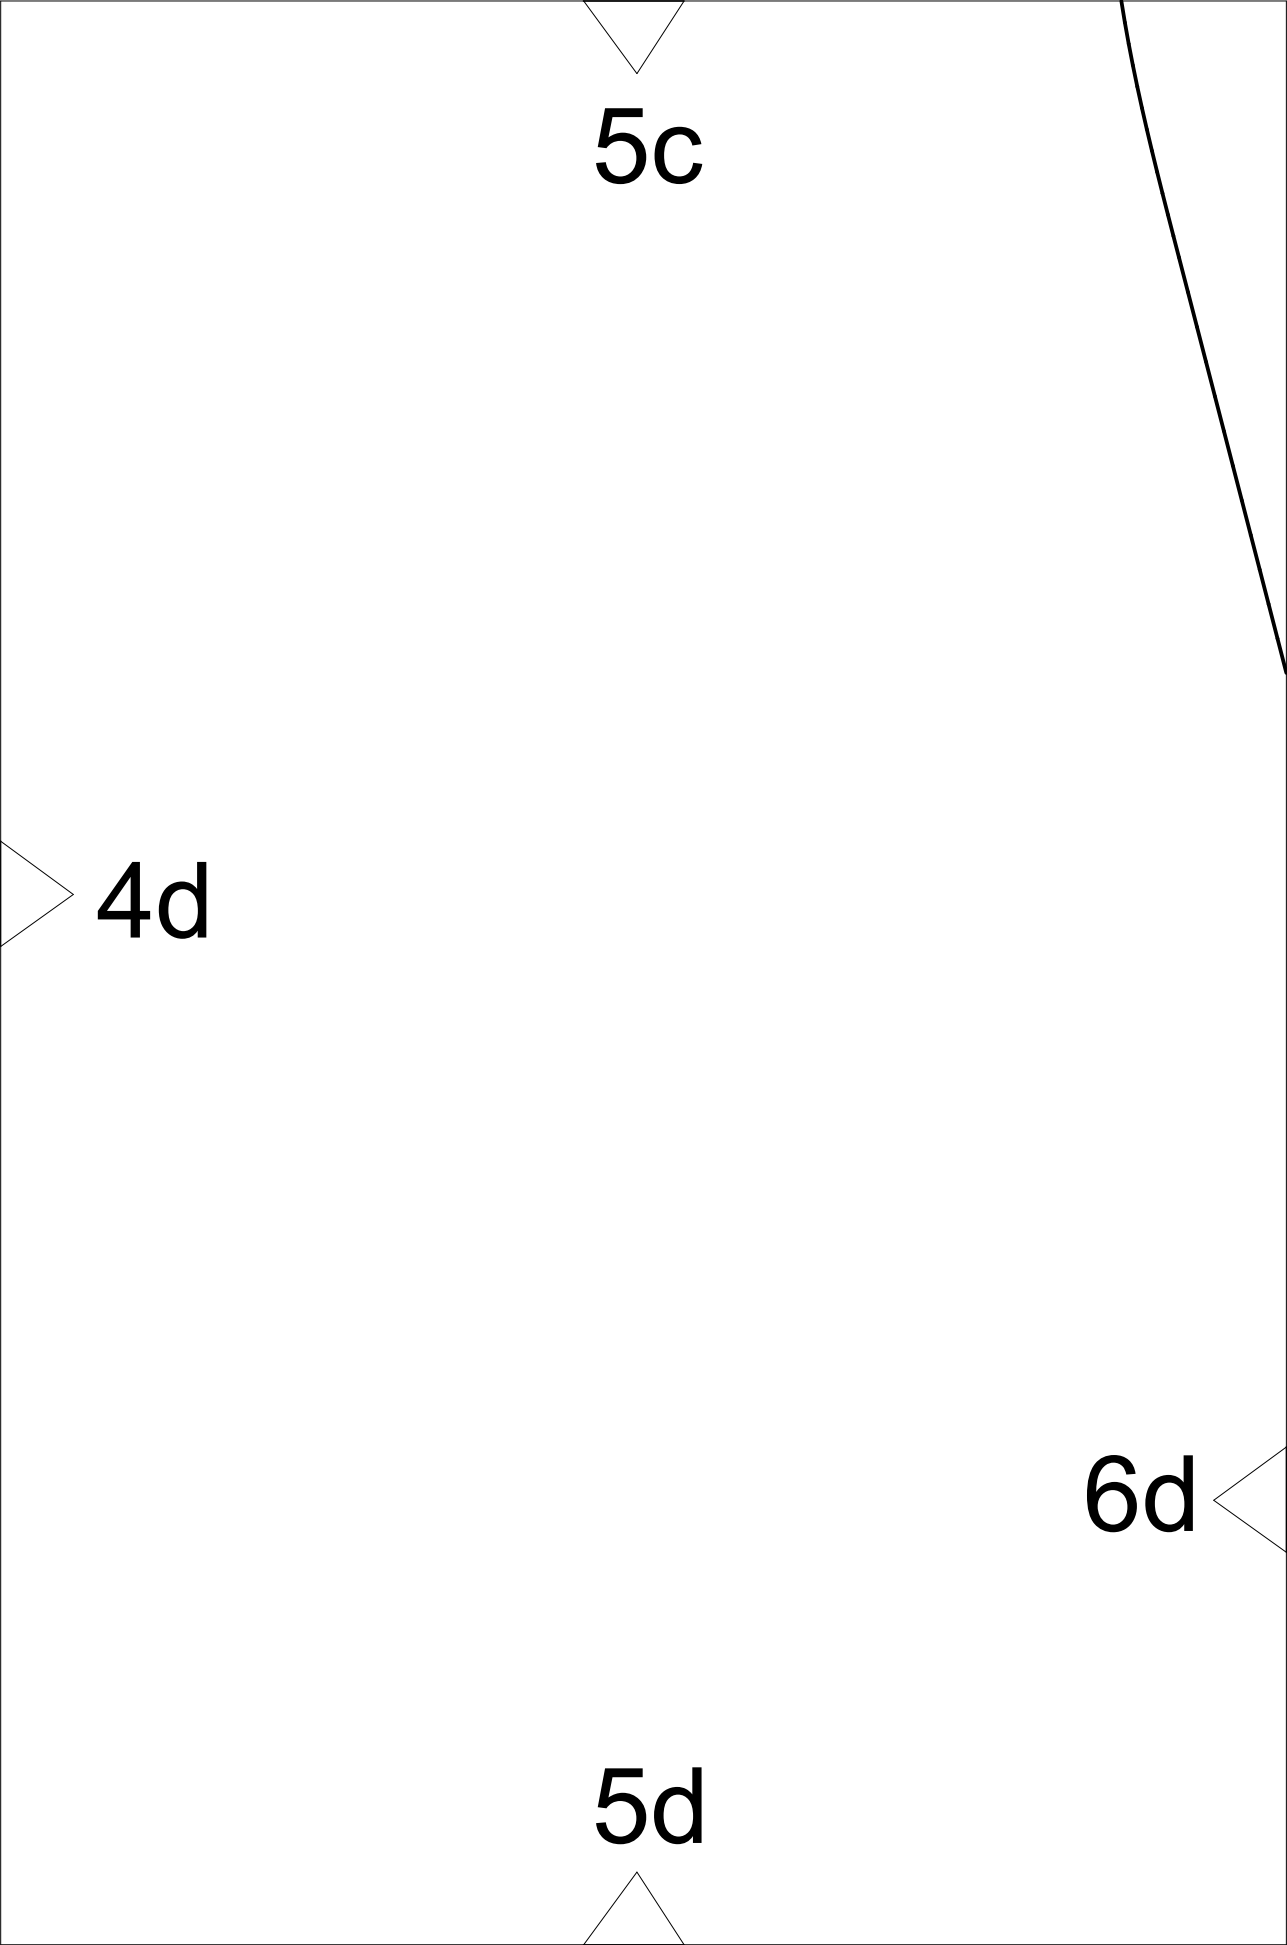

A square diagram with labels at its corners. The top-left corner is labeled '3c' with a small triangle pointing into the corner. The top-right corner is labeled '4d' with a small triangle pointing into the corner. The bottom-left corner is labeled '2d' with a small triangle pointing into the corner. The bottom-right corner is labeled '3d' with a small triangle pointing into the corner.

5d

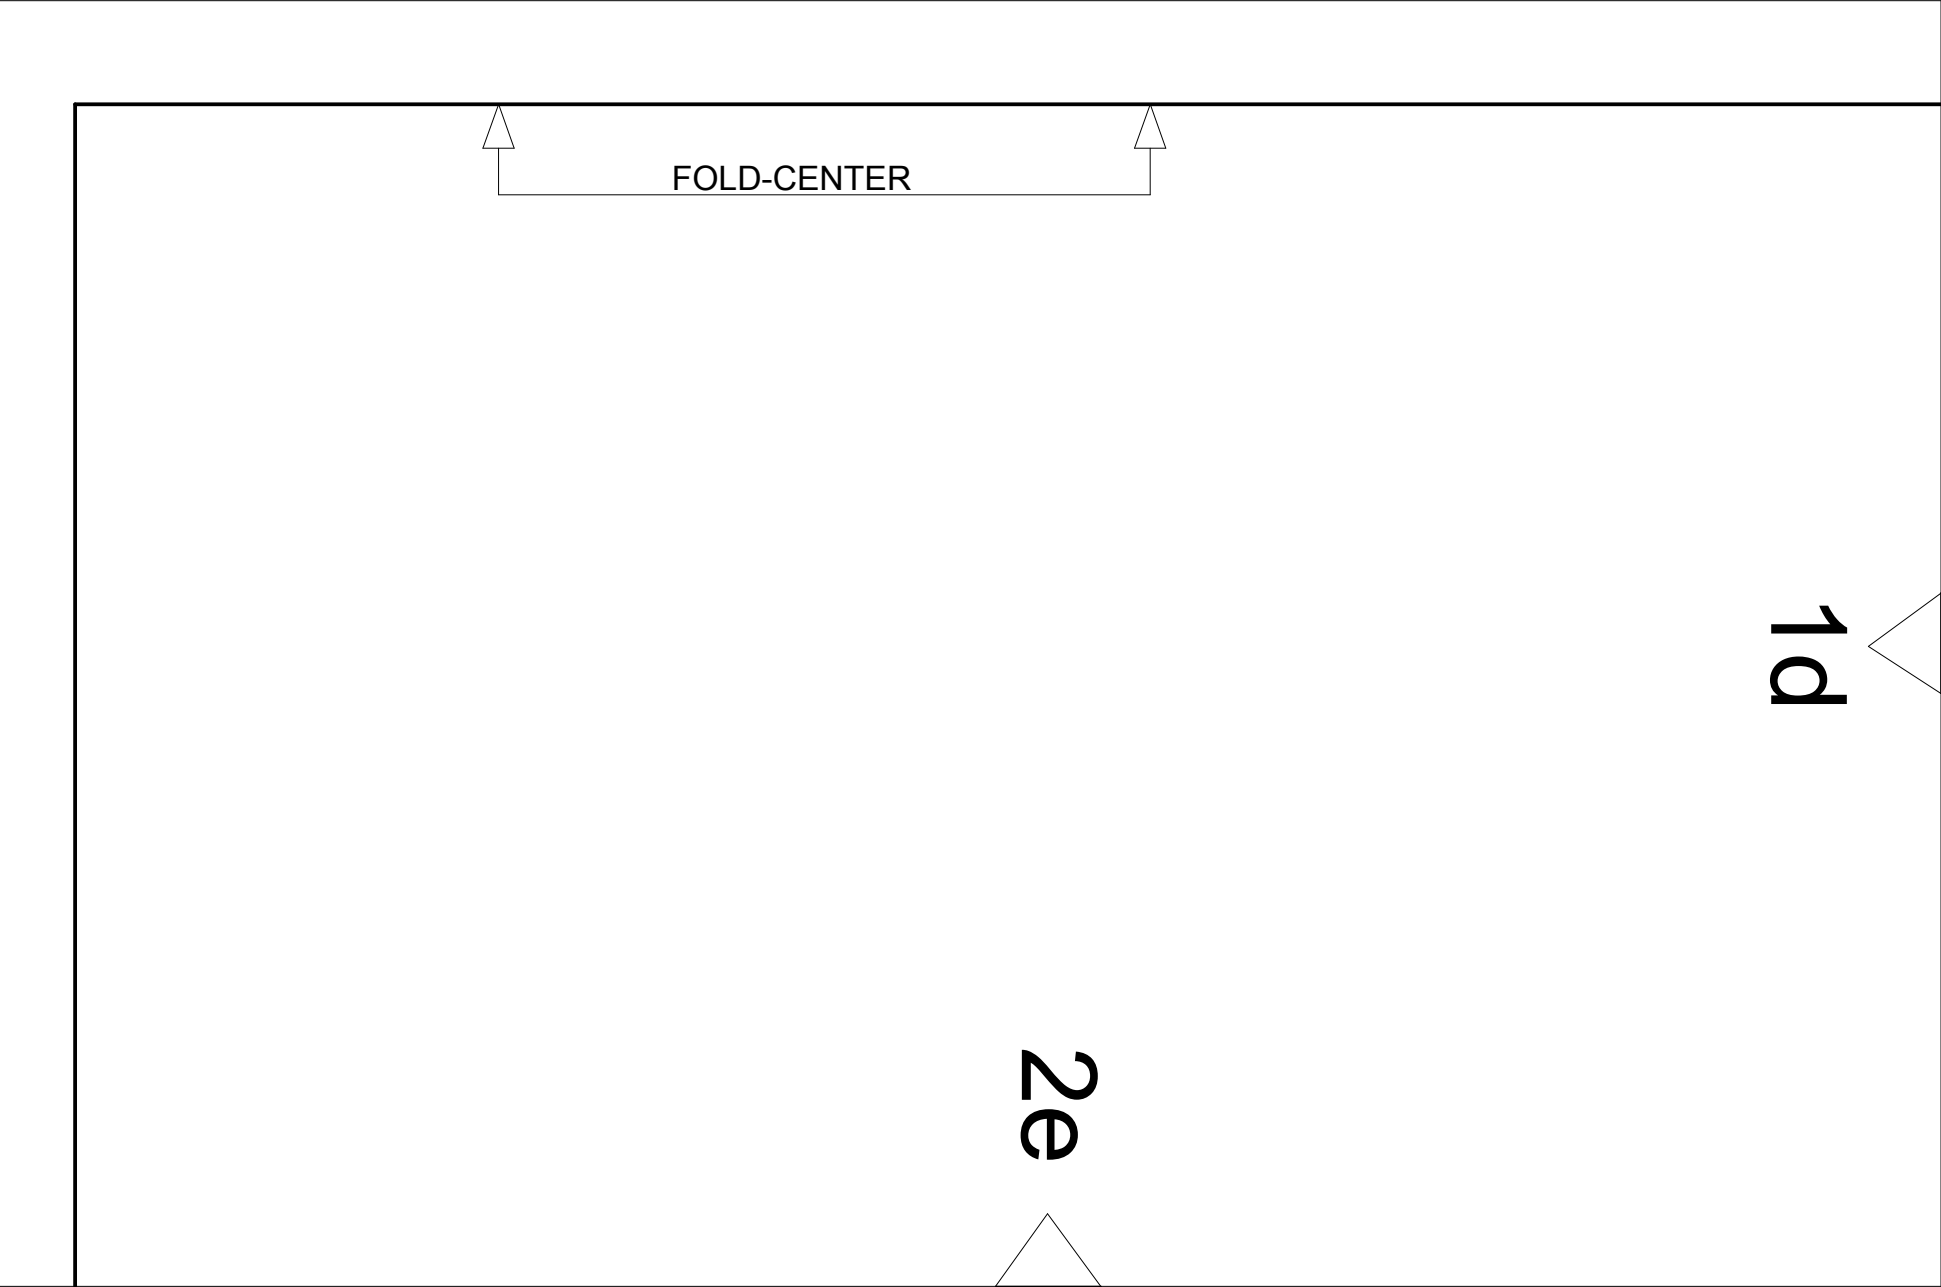

A diagram of a rectangular piece, possibly a piece of fabric or paper, with a vertical line running down the right side. Three labels are present: '9c' at the top center, '8d' on the left side, and '9d' at the bottom left. The label 'Sleeve edge' is also present at the bottom right, pointing to the bottom edge of the rectangle.

Hem +4cm

A diagram of a rectangular box with a light gray background. The box is divided into two horizontal sections by a thin black line near the bottom. The top section contains three labels: '5d' at the top center, '4e' on the left side, and '6e' on the right side. Each label is preceded by a small black triangle pointing towards the center of the box. The bottom section is empty.

5d

4e

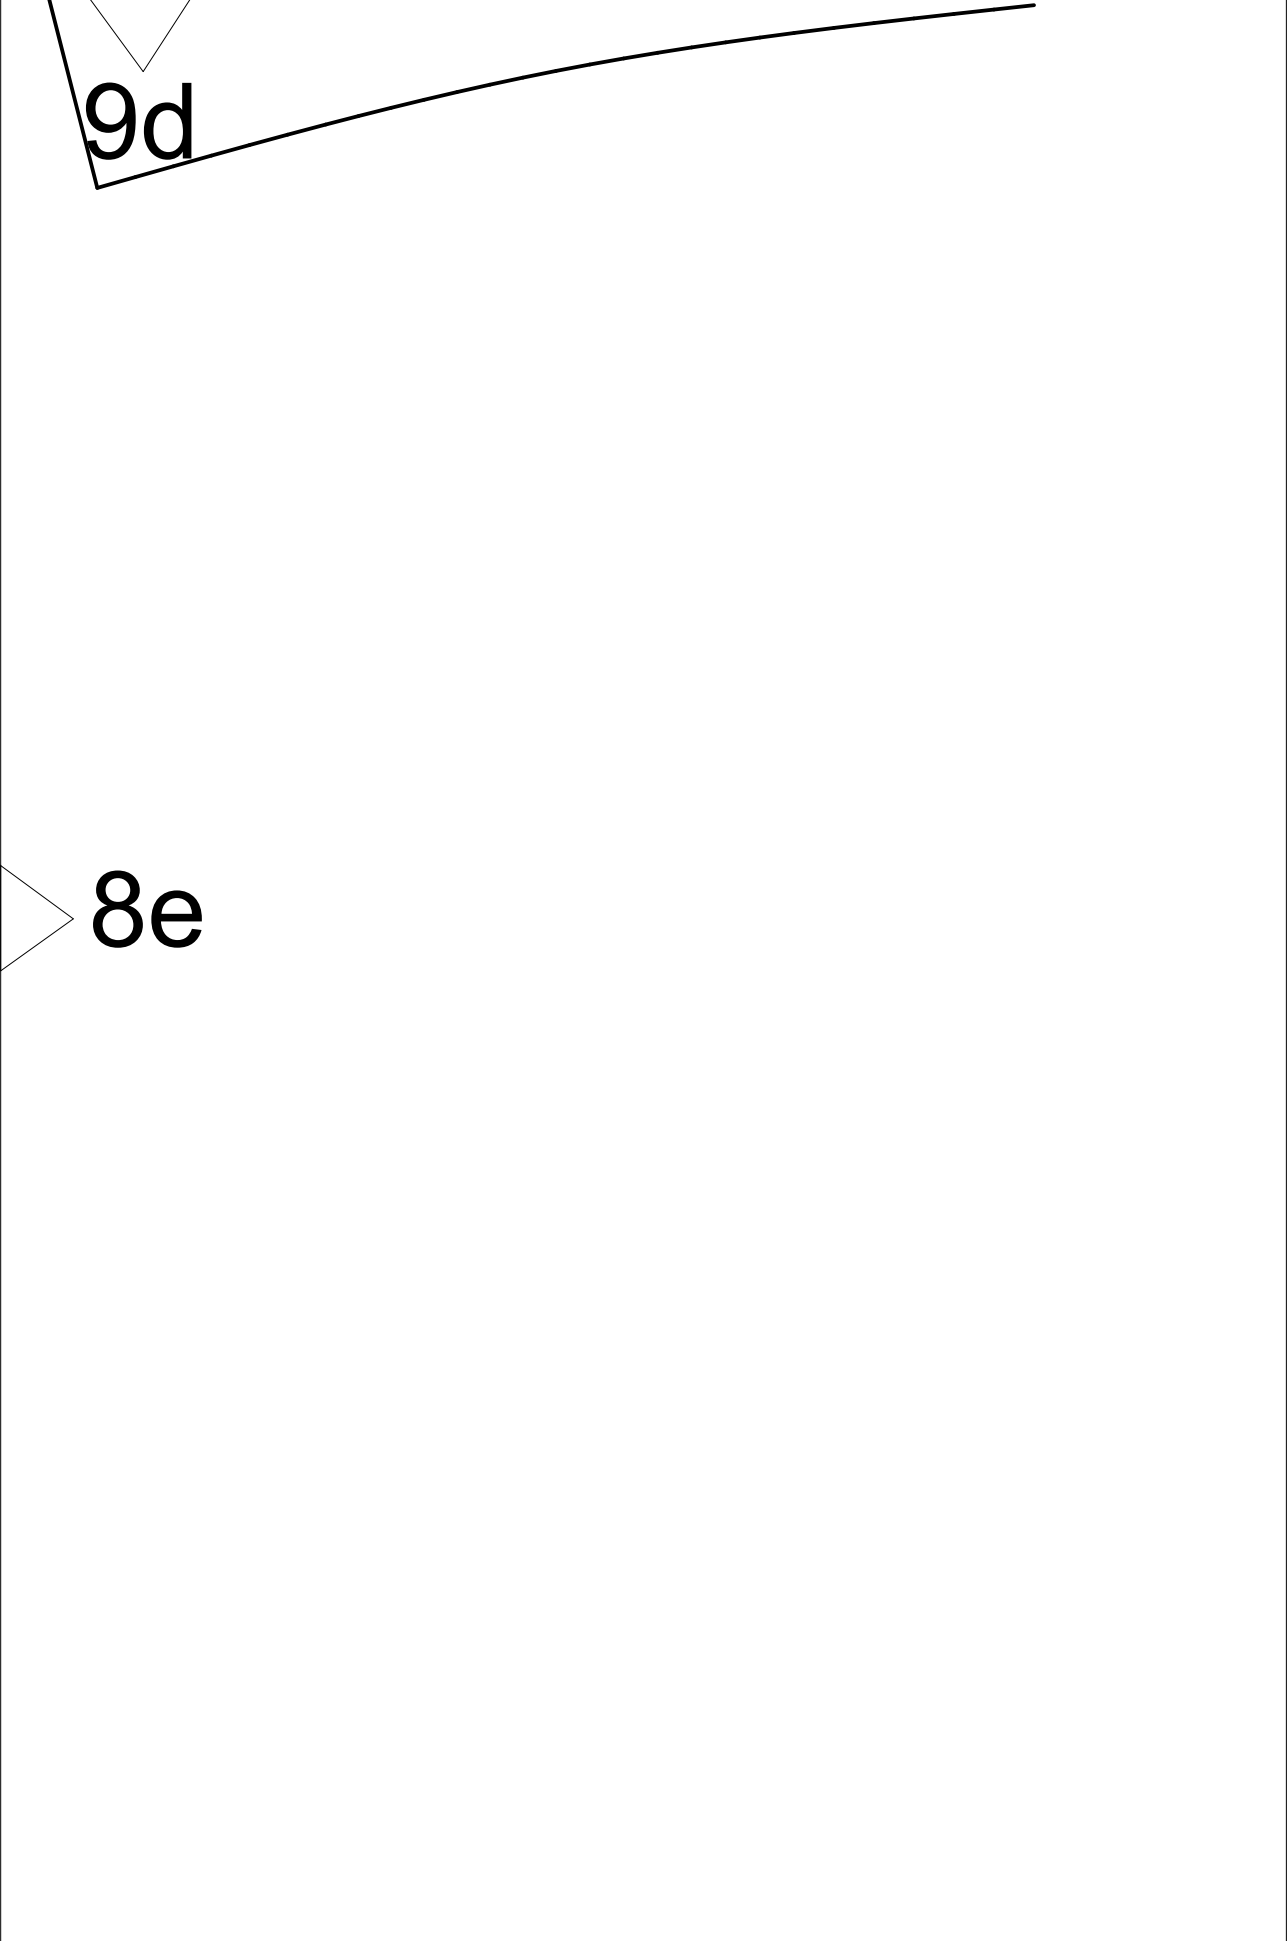

6e

A diagram showing a rectangular frame. A curved line starts from the top edge, goes down and to the left, then turns left to become a horizontal line at the bottom. Three labels are present: '7d' at the top center, '6e' on the left side, and '8e' on the right side. Each label is accompanied by a small triangular marker pointing towards it.

7d

6e

8e

A diagram of a rectangular box with a thin black border. Inside the box, a curved line starts near the top-left corner and extends towards the top-right corner. Two labels are present: '9d' is located near the top-left corner, and '8e' is located on the left side of the box. Both labels are accompanied by a small, light gray triangle pointing towards them.
