

Materials:

¼ yard (may be a little more for directional prints) of any knit fabric with 50% or more stretch. *Sweater knit, Jersey, Ponte, French Terry, Fleece, etc. **this design is great for upcycling and using up scraps since it needs so little fabric*

How to:

Print the following 4 pages and tape the pattern together according to the printing layout (on page4), cut out all the pieces needed for the size you are making

All Seams are ½” – if you would like a more ‘slouchy’ fit use a 3/8” seam allowance

SEAM ALLOWANCES ARE INCLUDED ON ALL PEICES

Follow the step by step tutorial available at <http://www.heidiandfinn.com> for detailed instructions
