Robe La Parisienne

Voici *#LaParisienne*, la robe **Louis Antoinette** «so preppy» que Kate Middleton rêverait de porter (si, si) !

Comment imprimer & assembler ce patron ?

Imprimez toutes les pages de ce document en format **Paysage** en prenant bien soin de conserver la bonne échelle : sélectionnez l'option **taille réelle**.

Imprimez le document **SANS** marge. La marge d'impression conserve par défaut un espace blanc autour des pages, c'est normal, vous n'avez pas besoin de re-découper autour :-)

Assemblez ensuite votre patron en suivant les indications de placement de chaque pièce puis scotchez-les ensemble.

Il ne vous reste plus qu'à découper votre patron selon votre taille !

Quel tissu choisir pour réaliser ce modèle ?

Privilégiez les matières lourdes qui se tiennent bien pour donner le port altier nécessaire à cette robe.

Exemples : drap de laine très fin, crêpe de laine, jacquard, matelassé, etc.

Metrage du tissu sur une laize de 140 cm

T.34-38 : 155 cm

T.40-42 : 160 cm

T.44-46 : 165 cm
