The pattern piece is a trapezoid with a vertical left side, a short vertical right side, and a horizontal top edge. The bottom edge is a diagonal line sloping from the bottom left to the bottom right. A small notch is cut into the top right corner. A label '7' is placed in the center of the piece. A label 'HEM 3/8" (1.5)' is placed along the bottom left edge. A label 'SKIRT LEFT FRONT' is placed in the center of the piece. Below the main title, there are four lines of text in different languages: 'JUPE DEVANT GAUCHE', 'FRENTE IZQUIERDO DE LA FALDA', 'LINKE VORDERE ROCKBAHN', and 'DAVANTI SINISTRO DELLA GONNA'. Below that is the label 'CUT 1'.

The diagram shows the back pattern piece for a skirt. It features a waistband at the top with a slight curve. Two vertical lines extend downwards from the waistband, each marked with a small circle containing the number 1. To the right of these lines is a large, bold number 8. Further to the right, there are dashed lines indicating the side seam and the hemline. The pattern is labeled 'SKIRT BACK' and includes translations in Spanish and German.

LENGTHEN OR SHORTEN HERE

PREPARING PATTERN

Indicates the Bustline, Waistline and/or Biceps. Measurements refer to circumference of Finished Garment (Body Measurement + Wearing Ease + Design Ease). Adjust pattern if necessary.

Lengthen or Shorten at adjustment lines (==) or where indicated on pattern. If substantial length is added, you may need to purchase additional fabric.

- To Lengthen - Slash between adjustment lines. Spread amount as needed, keeping edges parallel.
- To Shorten - Crease along adjustment line. Make a fold half the amount needed.

Transfer all tissue markings to fabric before removing pattern. Markings needed on right side of fabric should be thread traced.

Seamlines - 5/8" (15mm) from cut  edge unless otherwise indicated.

Button Marking - Indicates button placement. 

Buttonhole Marking - Indicates exact length and placement of 

9

10

10

12

buttonholes.

Row D, Column 4

atching seams

Butterick 6054 Size:6-14 Part:1 www.printsew.com

Centers, Foldlines, Placement lines, etc., are clearly marked; thread trace if desired.

PREPARATION DU PATRON

Indique: pointe de poitrine, lignes de taille, de hanches et/ou avant-bras. Ces mesures sont basees sur la circonference du vetement fini (Mesures du corps + Aisance confort + Aisance mode). Ajuster le patron si necessaire.

Rallonger ou raccourcir aux lignes de rectification (—) ou a l'endroit indique sur le patron. Si le rallongement est important, un excès de tissu peut s'avérer necessaire.

- Rallonger - Couper entre les lignes de rectification. Espacer les bords (parallelement) pour obtenir la longueur desirée.
- Raccourcir - Former un pli a une des lignes de rectification. Exemple: pli de 1cm pour raccourcir de 2cm.

Reporter tous les repères sur l'envers du tissu avant d'enlever le patron. Les repères a reporter sur l'endroit seront marques au fil.

Lignes de couture - a 15mm des bords coupes, sauf contre indiquer

Repere-bouton - indique emplacement exact.

Repere-boutonniere - indique largeur et emplacement.

Repères - utilises pour faire correspondre coutures et details de construction.

Lignes des pliures, emplacements, et milieux, sont imprimees clairement; si desire, les marquer au fil.
