## PATTERN PREPARATION

- Print out the pattern pages. The data size is 100%. Print it without scaling.  
Check the test square (10 X 10 cm (≈ 4")) in the pattern page to insure that your pattern has printed correctly.
- The pattern has layers. It can be printed or shown only the size(s) you need. For better visibility, show only the layers you need. Please refer the file about layered pdf included in download files.
- Cut off the margins around each page.
- Place them along the numbers as shown in the diagram on the pattern data. Tape the pieces together.
- Adjust the pattern if necessary to fit your measurements.
- Cut out your pattern.

\* This pattern includes seam allowances, also shows seamlines and hemlines.  
You can choose your pattern outline, as your sewing way.
