

Cardigan Pattern for Many Occasions: Proteus

Proteus?eye roll here... what is she thinking?... Well, exactly what the title says. This is the cardigan pattern for many occasions. One pattern and many ways to use it.

I don't know about you but I need clothes that I can convert into many outfits. The same goes with the patterns. One pattern that I can alter to make many outfits, especially now with Halloween and the rest of the seasonal holidays just around the corner. There are plays, Thanksgiving meals, Christmas parties, birthdays, work meetings, all which will probably require slightly different dress. There are not enough hours in the day to accomplish all the things I need to get done. Including the million ideas I have for all the fabric, I have collected.

I know the name of the pattern, Proteus, sounds a bit "manly", but allow me to explain.

According to Greek mythology, Proteus was a sea god that could foretell the future, but would only do so for those that were strong enough. Proteus would change shape to avoid doing so and engage only with the deserving ones. He was often described as the god of "elusive sea change".

Like Proteus, this cardigan is versatile, adaptable and flexible.

To print your PDF pattern

Your pattern pieces come at the end of these instructions. For accurate printing, please make sure you are using the latest version of Adobe Reader. You can [download the latest version here](#) if you need to.

Select File → Print and the print dialogue box opens. Under Page Sizing and Handling, select ACTUAL SIZE . Check the preview in the right hand side illustration. Select the page numbers you want to print. You can print the whole document, or just the pattern pieces.

On the edge of the top left page is a box you can use to test your printing. This box should measure 2 inches square. If yours is wildly different you will need to check your printer options to make sure the pages are not being resized.

Use the grey guides on the overlap of the sheets to match up the pattern pieces, folding under or cutting off any overlaps, tape together and cut out your pattern pieces.
