# Putting together a Brindille & Twig pattern:

- Print the pattern pages at 100%- No scaling or fitting to page.  
(I suggest only printing the pattern and reading instructions off the computer, if you have Internet access.)
- Follow the photo examples to tape your pattern together.

Pattern printed out.

Measure the 1"x1" square to make sure it printed accurately.

Cut along the edges of the indication boxes to cut the extra white paper off. It makes it easier to line them up.

Overlap those boxes with the matching number and tape together at that seam.

Cut out the size that works best based on the measurement chart.
