

Hem Ruler - centimeter

This Hem Ruler help you make an accurate hems and turned edges. They also work well for shaping waistbands, belts, pockets and more.

- Print out the pages you need.

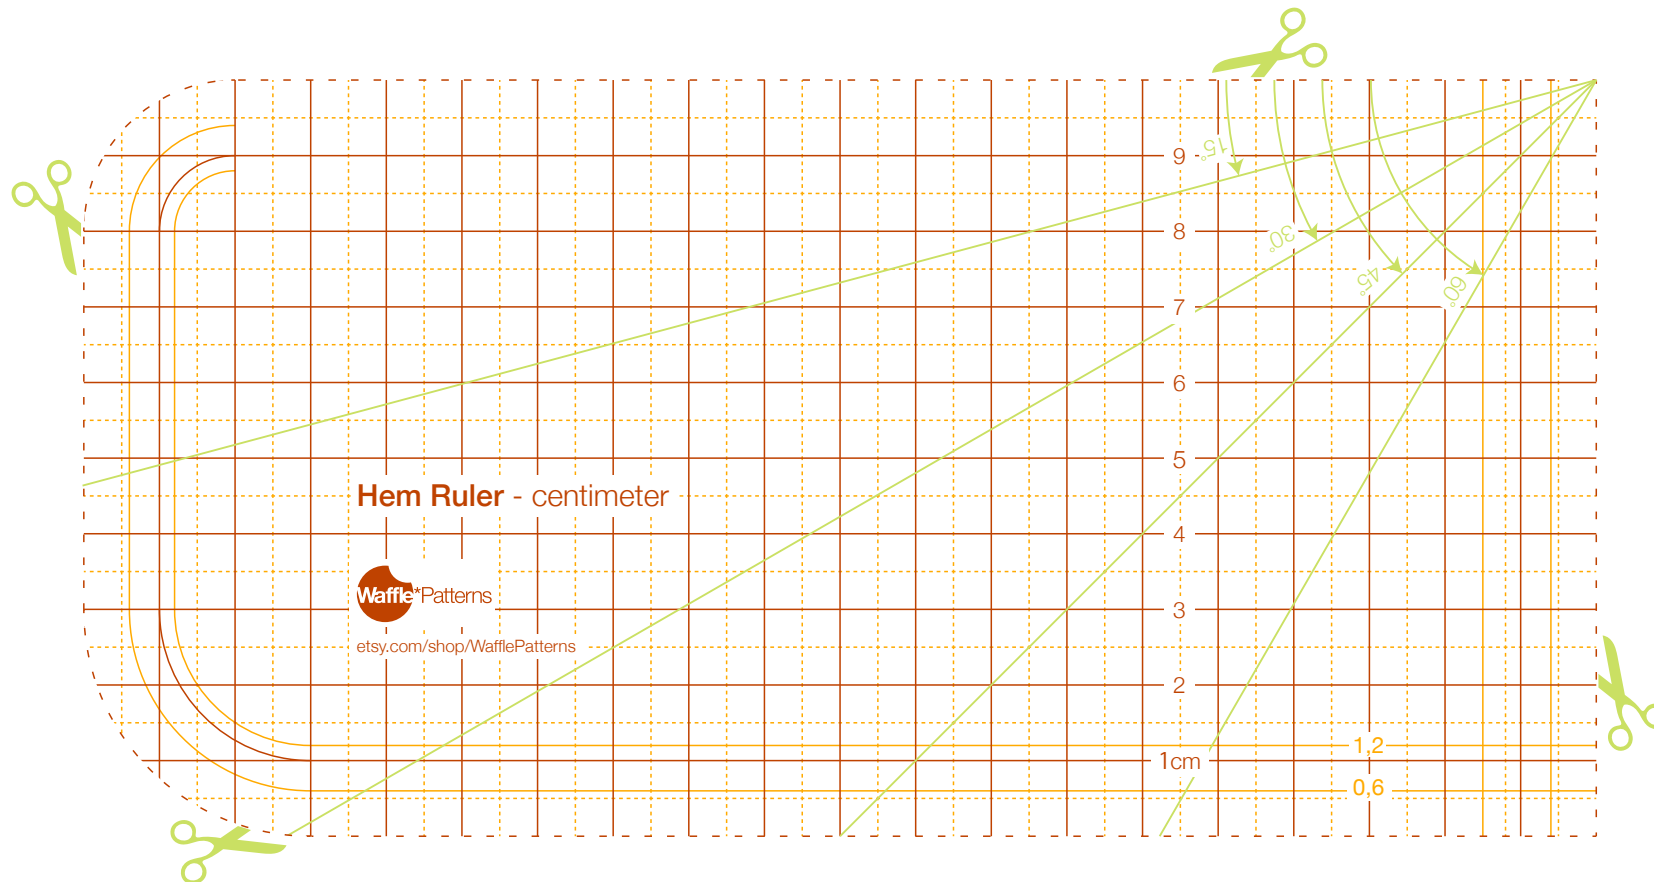

*The data size is 100%. Print it without scaling.

Check the length of the ruler to insure that your paper has printed correctly.

*I recommend to use thick paper (like visit card.)

Check the heat resistancy of your paper before use.

- Cut out the lines on the scissor marks.
