Patterns

THE NICKEL WALLET

FINISHED SIZE: 4" W x 3.25" H (10cm x 8.25cm)

A MINIMALIST WALLET FOR JUST THE ESSENTIALS.
ONE CENTER POCKET PERFECT FOR CASH AND
SMALLER CREDIT CARD POCKETS ON BOTH THE FRONT AND BACK.

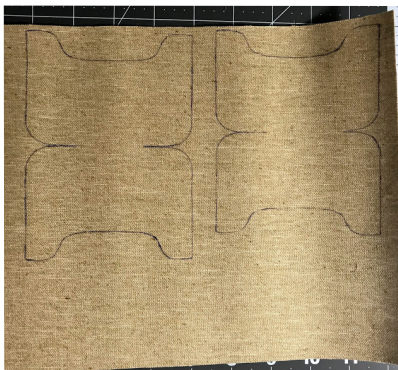

NOTIONS AND SUPPLIES

- 7" x 10" Piece of leather, cork, vinyl or similar non-fraying material
- Thread
- Fabric safe pen or marker
- Clips

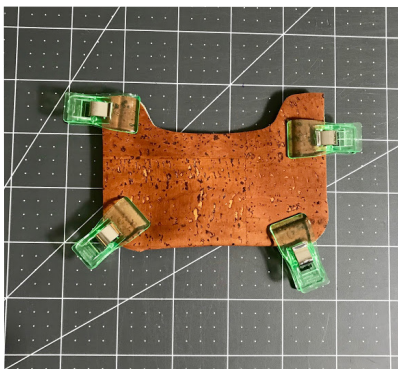

Seam allowances are 1/4" (6mm) throughout. A teflon foot while not necessary, is very helpful when sewing with vinyl and leather. This wallet is designed to have raw edges, so please be sure that any materials you use will NOT fray.

When sewing on leather, please use an appropriate thread type and a leather needle. Stitching should be done with a longer stitch length, at least 3mm. It can be helpful to slowly hand crank around curves to keep a consistent seam allowance.

CONSTRUCTION

1) Cut your two pattern pieces out of your materials. Use sharp scissors and use care to cut evenly and smoothly.

2) Take your Wallet Main Piece and fold it in half **Wrong Sides Together** and align all sides and top edges.

3) Starting at 1/2" (1.25cm) from the top edge of the Wallet Main, sew a line of stitching all the way around to the other side, stopping 1/2" (1.25cm) from the other top edge. You may wish to use the marking on the pattern pieces to mark your pieces.

4) Take your Wallet Pocket Piece and fold it in half, **Wrong Sides together**. Then slip your Wallet Main piece inside of your Wallet Pocket piece. Be sure to align the side edges and the bottom curves of all pieces. Clip in place.

5) Starting at the top edge of your wallet, sew down and around until you reach the other top edge of your wallet using a longer stitch length. Depending on your materials you may choose to backstitch to secure or tie off at each end. Whichever you choose, don't forget to secure your stitching!

6) Trim up any uneven edges and you're all done!
