**Wrist length shorter than indicated on table**

Cut through the front and back pattern 2 times (one diagonally). Place the 21 segments on each other by 1/3 of the dimensions of the inner rectangle and by 2/3 of the difference of the outer rectangle. Also cut through the top of the square and place the cut edges on each other by 1/3 of the difference.

| <div>5</div> <p>then indicated on table</p>                                                                                                                                                                                                                                                                                                                                                                                | <div>6</div>                                                                                                                                                                                                                                                                                                                                                                                             | <div></div>                                                                               |
| <p>Row B, Column 5</p> <p>Neue Mode 25015 Size:8-30 Part:1 www.printsew.com</p> <p>the piece together and cut by using machine. Separate the pieces by the difference between the pieces.</p> <p>b. Sleeve cut in two pieces after the waist shape pattern by 1/2 of the difference at given lower point A. Cut through the under sleeve piece 1 time (see diagram), and separate the pieces by 1/2 of the difference.</p> | <p>Each waist length longer than indicated on table - front waist length equal to table</p> <p>Give the back pattern a waistline as on the shoulder dart (see cut through - see diagram). Separate the cut edges at the center back by the difference between your measurements and that of our table. The shoulder dart is enlarged, while the center back the front piece remain the same 1" size.</p> | <p>Front waist length longer on table - back waist length longer on table</p> <div></div> |

Get through the Tort and back, pattern 2 times (see diagram). Separate the plates by 1/3 of the difference at the spot calling for 2/3 of the difference at the lower surface. Also cut diagonally at the corners and separate these plates by 1/3 of the difference.

Neue Mode 25015 Size:8-30 Part:1 [www.printsew.com](http://www.printsew.com)

Out through the front piece at the butt don't associate the piece by the difference between your measurement and that of our side. The first part is linked, while the second one the last piece remains the same in size.
