TAPING AND CUTTING OUT YOUR PATTERN

Do not overlap the pages. Butt together, lining up the sheets.

There will be a small border of empty space at the edges. I do my best to ensure there are no important details lost in the gap on each size layout. I produce a different layout for each size for economy of printing.

**** CHECK THIS GRID ****

Grid should measure

1" x 1"

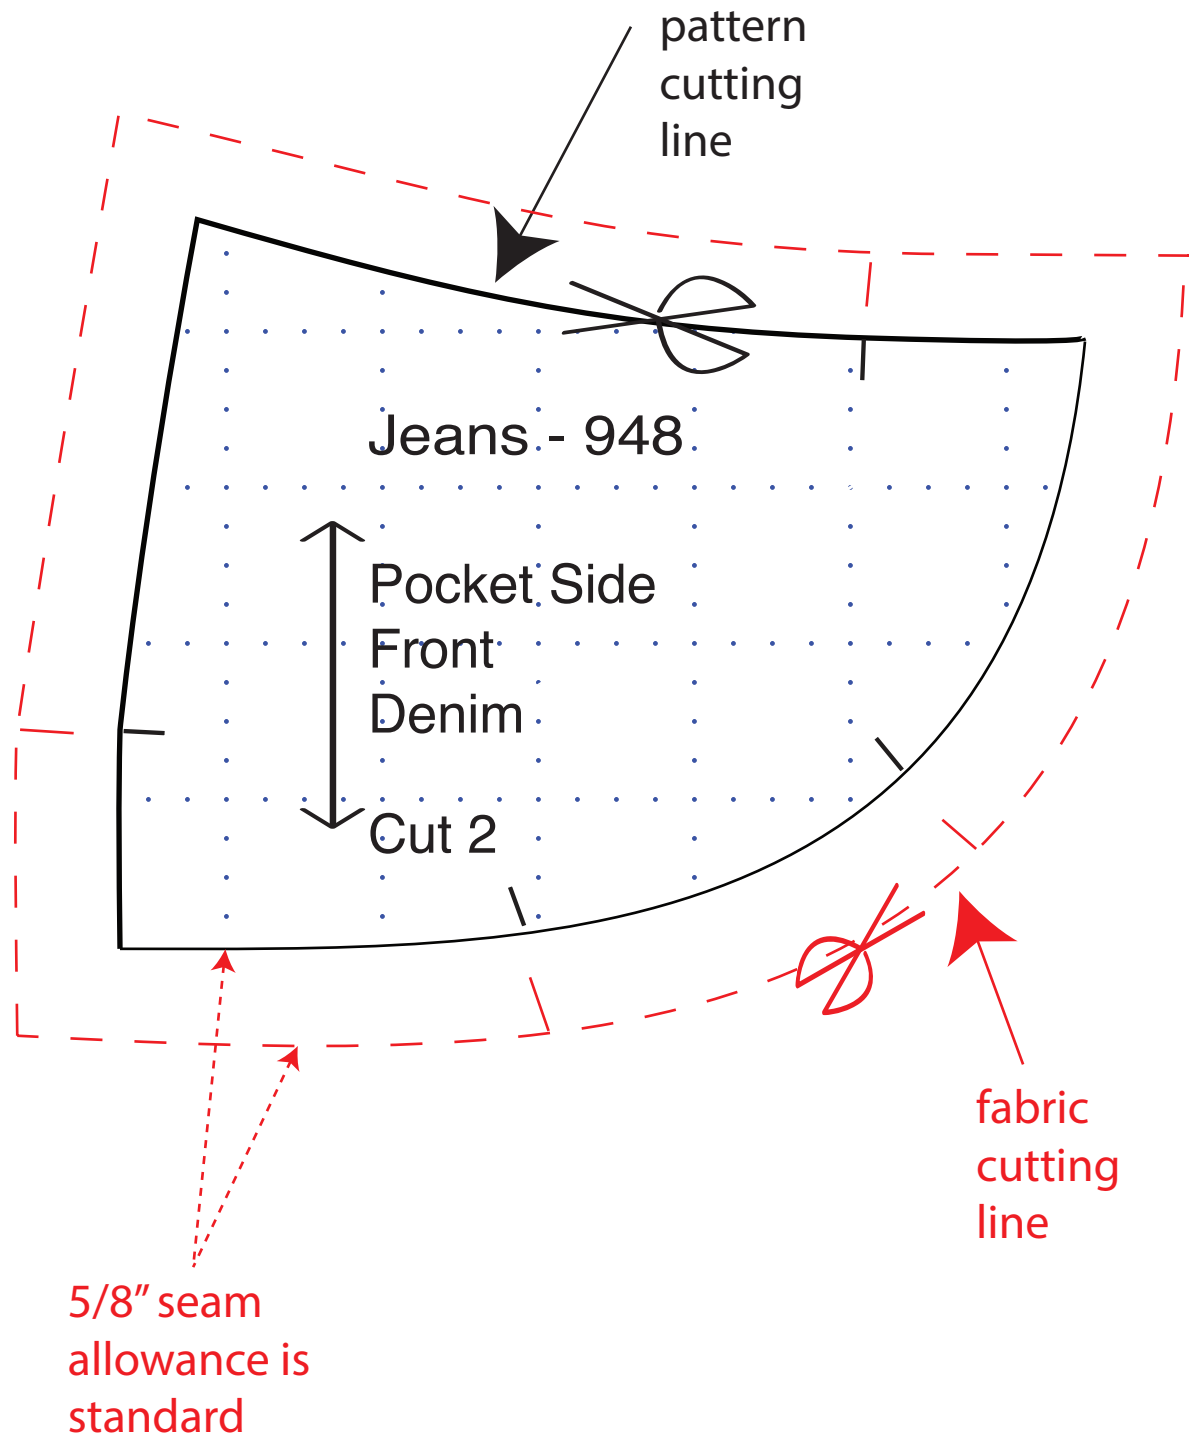

Print setting must be

NO SCALING or PRINT SCALE 100%

SPECIAL NOTE - Net Patterns

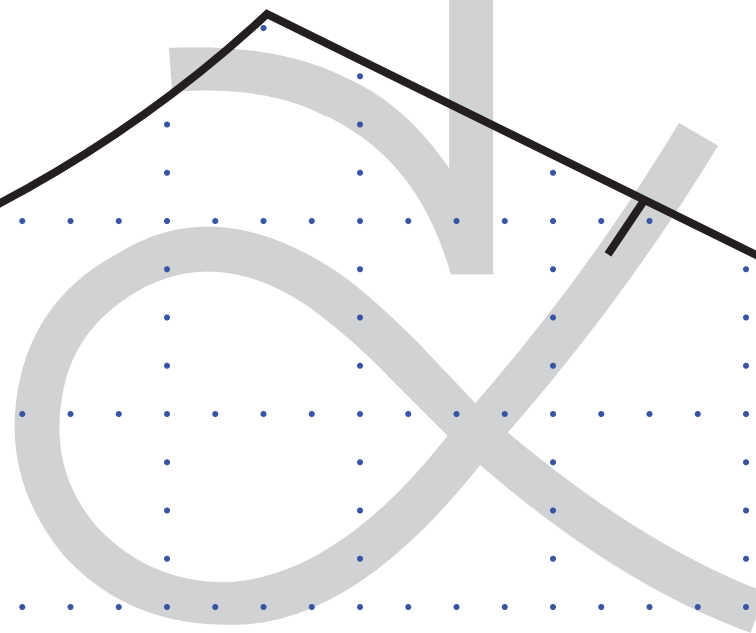

My patterns are NET PATTERNS
It is much easier and you will
get used to judging the 5/8"
fabric cutting line

mark notches with
snips into seam
allowance keeping
well short of seam
line

NOT TO SCALE
