The diagram features a light gray shaded region. The left boundary of this region is a thick black line that starts at the top edge and extends downwards to a small square marker. The right boundary is a thinner black line that starts at the top edge, extends downwards, and then turns to the right, ending at another small square marker. A third, even thinner line segment connects the two square markers at the bottom. The label 'B01' is positioned in the center of the shaded area. At the top, there are two small square markers: one on the thick black line and one on the thinner black line, connected by a short horizontal line segment.

A geometric diagram is located in the upper left corner of the page. It consists of a vertical line segment on the left, a horizontal line segment at the top, and a diagonal line segment connecting them. A second vertical line segment is drawn from the horizontal line down to the diagonal line. Small squares at the vertices of these lines indicate right angles. The diagram appears to be a construction related to the geometry of the page.
