Printing

When printing your pattern, make sure that your printer is set to print the "actual size" rather than have it "fit to page". This will ensure correct sizing. Print off the first page of the pattern and measure the 2"x2" square to double check your printing.

Assembling

After printing all your pattern pieces, match up the numbered circles to assemble your pattern. You will have to trim the paper to the border on some sides to properly tape your pieces into place.

Instructions:

1. Placing back pieces right sides together, overlock center seam.
 2. Placing front and back pieces together, right sides facing, overlock side and shoulder seams.
 3. Overlock armholes and neckline. Turn under 1/4" and stitch down.
 4. Overlock the hem and turn under 1/4" and stitch down.
- *While hemming you can use a zig-zag stitch for added stretch.
