

Sports Bra ePattern

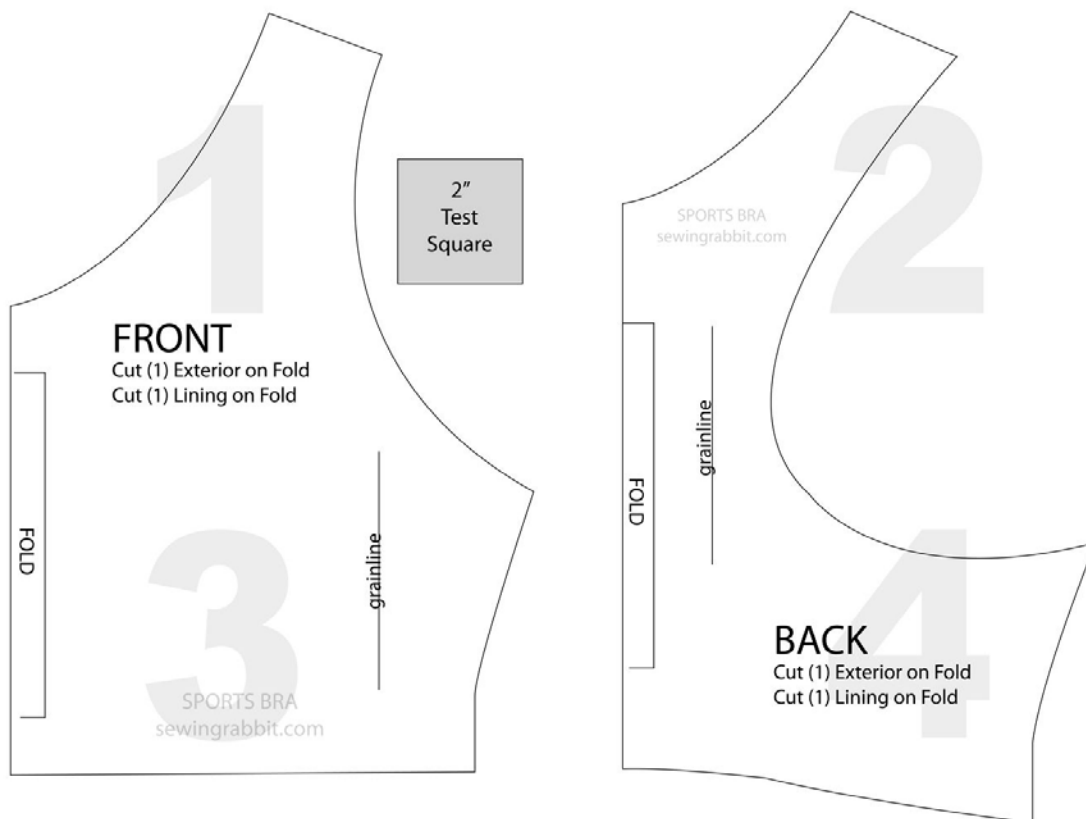

Size 34 / 36, C

Jess Abbott: www.sewingrabbit.com

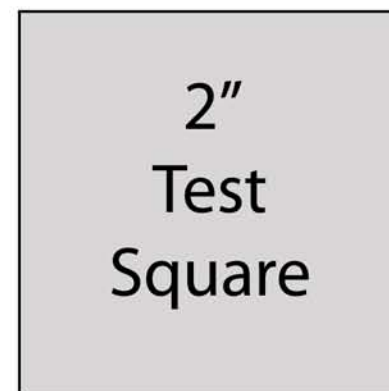

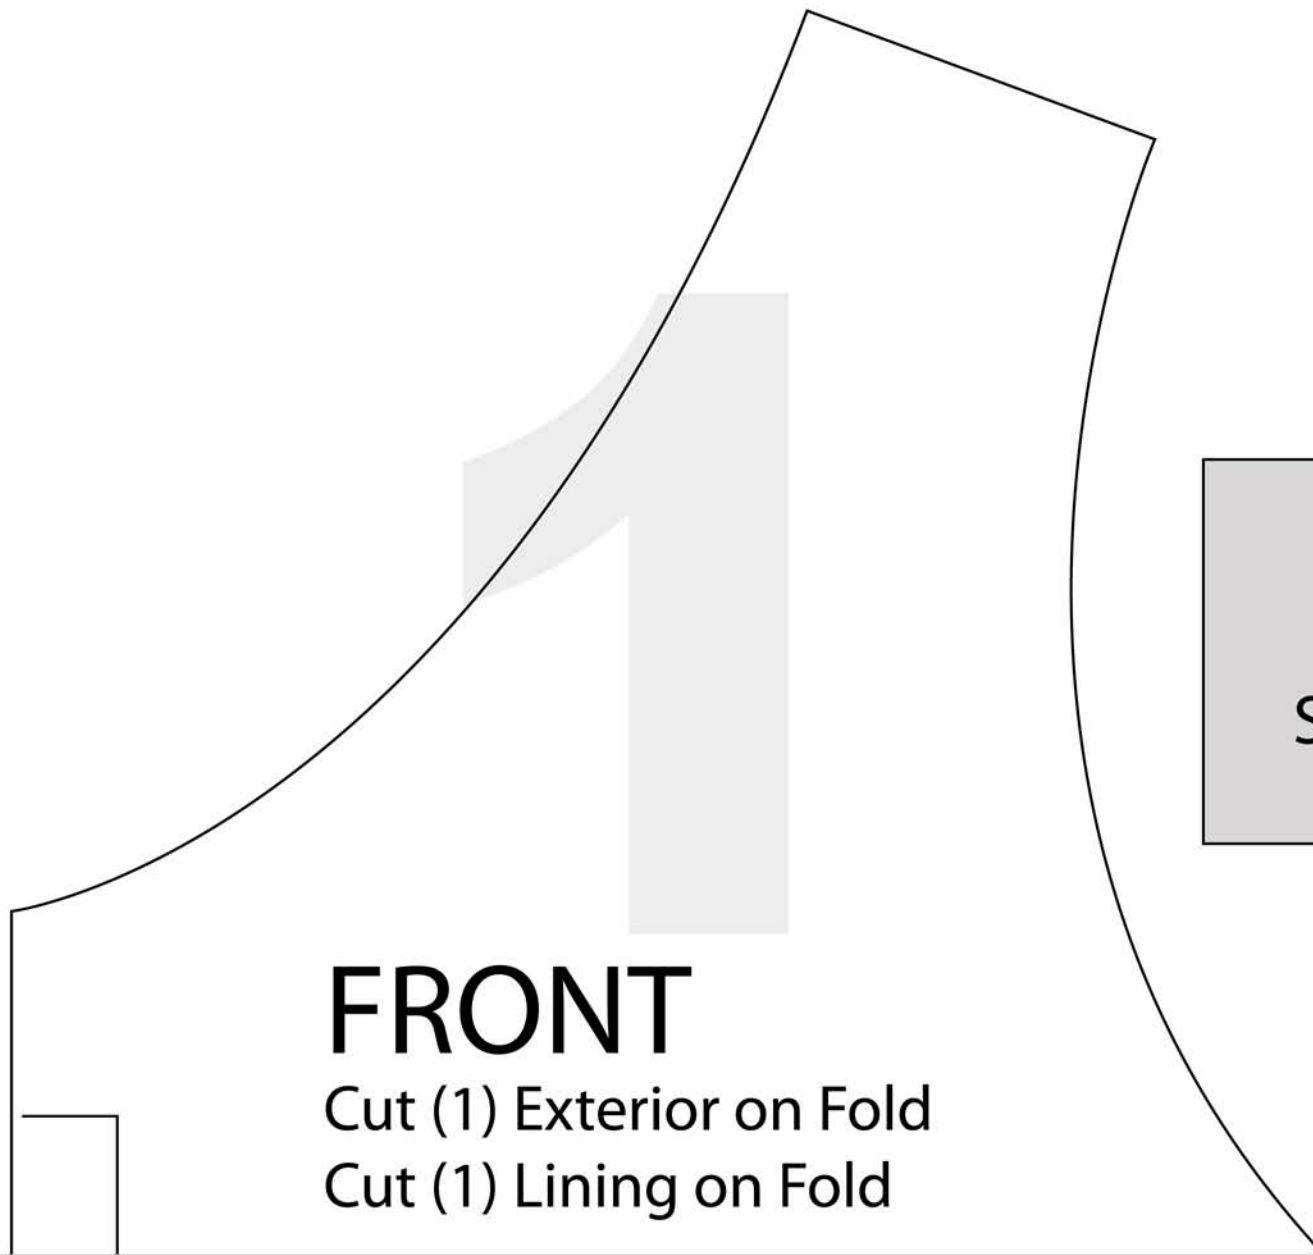

Printing and Piecing Instructions

- All pages should be printed on standard paper. Using Adobe Reader (free to download) is recommended but may not be necessary.
- Make sure that “Auto Rotate and Center” is checked and that “Scaling” is NOT checked (scaling may be in a drop-down menu - make sure to find it and check the setting). If you have a newer version of Adobe Reader, your options might look like “Fit to Size” or “Actual Size”. If that is the case, make sure you choose “Actual Size”.
- To make sure you’re printing the right size pattern, measure the 2 inch by 2 inch test square. Do your troubleshooting here so you don’t print out the wrong size pages.
- If you live outside Canada or the US, print the pages to your standard paper size.
- To connect each page, trim to the grey border (do not cut the grey border off), and match up the numbers of each page with the pattern image diagram below.
- Tape the pages together.
- Once the whole pattern is printed and taped, cut along your size line according to the size chart. You may prefer to trace your size onto tracing paper and then cut it out.

Pattern Diagram

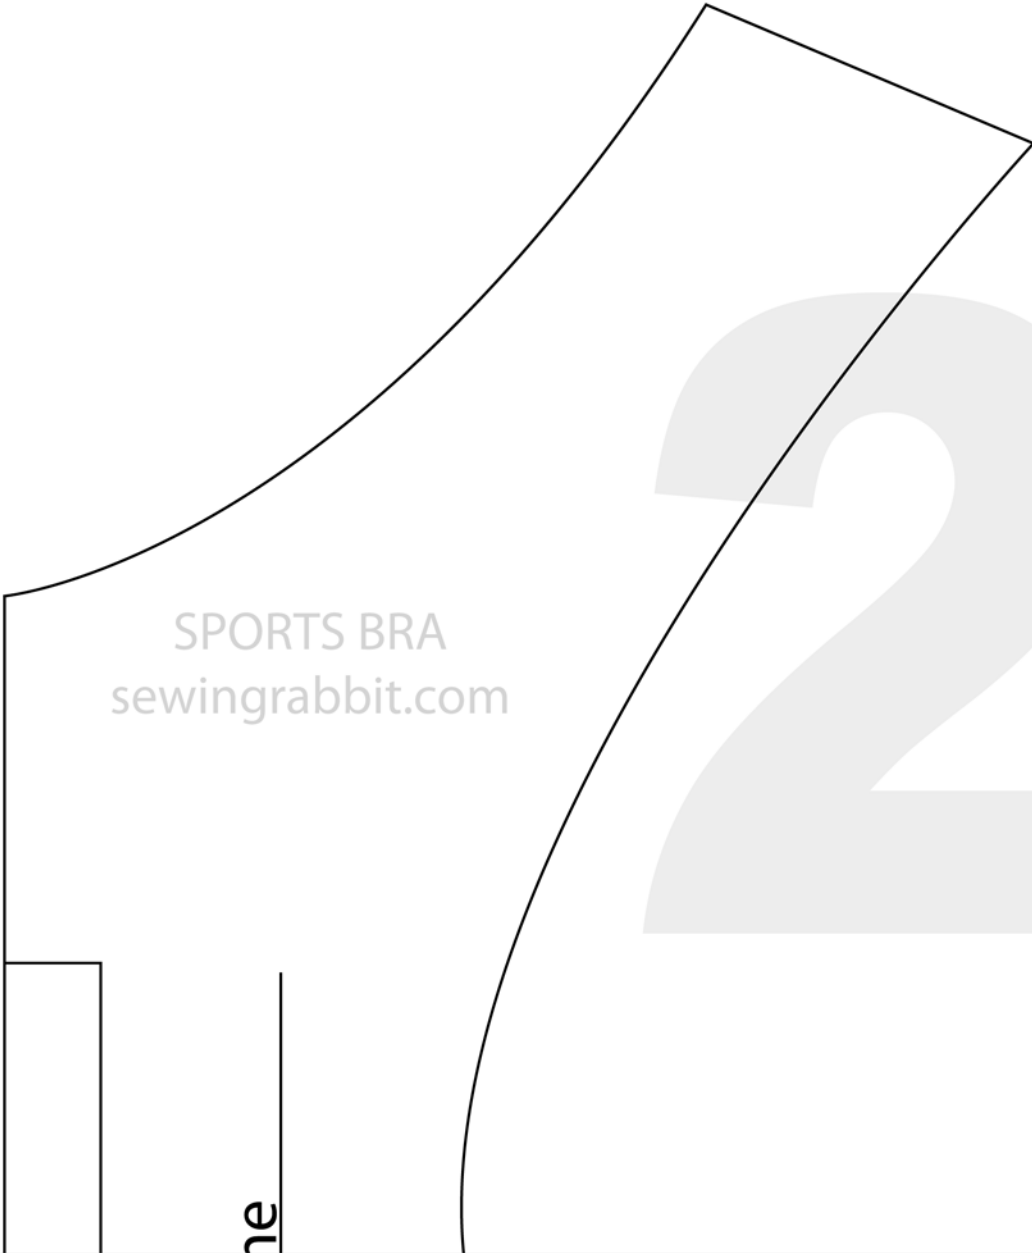

Pattern includes a 1/4\"

SPORTS BRA
sewingrabbit.com

The image shows a black line drawing of a sewing pattern piece for a sports bra. The piece is asymmetrical, with a curved top edge and a straight bottom edge. It features a vertical line on the left side, a small rectangular notch at the bottom left, and a curved line on the right side. A large, light gray number '2' is overlaid on the pattern piece.
