SIZE BLENDING LINE

Figure 1 is a schematic diagram of a multi-layered material structure. The diagram shows several horizontal layers separated by cutting lines. From top to bottom, the layers are labeled: CUTTING LINE, DESEAM CUTTING LINE, NIGHT SIDE SEAM CUTTING LINE, STRAIGHT SIDE SEAM CUTTING LINE, and STRAIGHT SIDE SEAM CUTTING LINE. The layers are represented by different colors and line styles: a purple dashed line for the top cutting line, a green dashed line for the de Seam cutting line, a blue dashed line for the night side seam cutting line, an orange solid line for the straight side seam cutting line, and a black solid line for the bottom straight side seam cutting line. The layers themselves are represented by solid lines of the same colors. The diagram illustrates the relative positions and thicknesses of these layers and seams.
