The diagram shows a 10x10 grid with various colored lines and dots. The grid is divided into four vertical sections by three vertical black lines. The first section (leftmost) contains purple vertical lines and orange dots. The second section contains orange dots and purple vertical lines. The third section contains a solid blue vertical line. The fourth section (rightmost) contains green vertical lines, blue dashed vertical lines, and red dots. The grid is bounded by a black frame with a small triangle at the top-left corner.
