A hand-drawn diagram consisting of three overlapping regions. The top region is labeled 'w', the middle region is labeled 'm', and the bottom region is labeled 'e'. The regions are defined by simple black outlines. The 'w' region is at the top, the 'm' region is in the middle, and the 'e' region is at the bottom. The 'm' region overlaps with both the 'w' and 'e' regions, while the 'w' and 'e' regions do not overlap with each other.
