

¾ Sleeve Summer Blouse Pattern

This is the ¾ sleeve summer blouse project, designed to take only two hours to complete. I have to admit that I agonized over this project for some time. More than a few days were spent at my desk thinking about how I could come up with the easiest to make, most elegant blouse possible. To be honest, I had thought I'd already pulled it off with the [Secretary Blouse](#) and the [Office Hours Blouse](#) - but I think this one is even easier!

If you would like to see a short video of the blouse please find me on Instagram [@soseweasyofficial](#)

This blouse features a rounded neckline, and an easy to close back with a loop and a button. It is lower at the back than the front for those who love the "Parisian tuck" but prefer something more elegant.

With elastic at the waist so you can show your waistline or make the illusion of having one. I recommend you to wear this ¾ sleeve summer blouse with dressy shorts, a pencil skirt, or cigarette summer pants.

But here is the best part, you can roll the sleeves down to make a long sleeve elegant summer or autumn blouse. I have to warn you though, this ¾ sleeve summer blouse can **only be made with soft drape fabrics** such as

georgette, silk, rayon.

Experience level: Intermediate Beginner

To print your PDF pattern

Your pattern pieces come at the end of these instructions. For accurate printing, please make sure you are using the latest version of Adobe Reader. You can [download the latest version here](#) if you need to.

Select File → Print and the print dialogue box opens. Under Page Sizing and Handling, select ACTUAL SIZE. Check the preview in the right hand side illustration. Select the page numbers you want to print. You can print the whole document, or just the pattern pieces.

On the edge of the top left page is a box you can use to test your printing. This box should measure 2 inches square. If yours is wildly different you will need to check your printer options to make sure the pages are not being resized.

Use the grey guides on the overlap of the sheets to match up the pattern pieces, folding under or cutting off any overlaps, tape together and cut out your pattern pieces.

Help printing and assembling your pattern
