

Halloween Witch Hat Pattern

Halloween is just around the corner and this year I'm determined to scare the living daylights out of my neighbor's kids (all in good fun, of course..). For this, I'm definitely going to need a Halloween witch hat pattern.

I haven't really participated much in Halloween since my kids stopped trick or treating. But this year, I think I'll get back in the spirit and decorate my porch as a cemetery. Five or six headstones should probably do just the trick.

Add to that some dry ice, a scary Halloween witch hat, and a cape. With my rollerblades on, the kids won't be able to see my feet and with the smoke of the dry ice, they'll think I am floating or worse flying!

It will be terrifying for the little ones since I'll put [Halloween background music](#) on very loud. I'm sure even my dog will go into hiding.

My first project will be the Halloween witch hat pattern. I'll work on the cape and other props and share with you later.

You can read more about this pattern over at So Sew Easy [HERE](#).

To print your PDF pattern

Your pattern pieces come at the end of these instructions. For accurate printing, please make sure you are using the latest version of Adobe Reader. You can [download the latest version here](#) if you need to.

Select File → Print and the print dialogue box opens. Under Page Sizing and Handling, select ACTUAL SIZE . Check the preview in the right hand side illustration. Select the page numbers you want to print. You can print the whole document, or just the pattern pieces.

On the edge of the top left page is a box you can use to test your printing. This box should measure 2 inches square. If yours is wildly different you will need to check your printer options to make sure the pages are not being resized.

Use the grey guides on the overlap of the sheets to match up the pattern pieces, folding under or cutting off any overlaps, tape together and cut out your pattern pieces.

Help printing and assembling your pattern

You can find helpful tutorials on how to download, print and assemble PDF sewing patterns here:
