

Schnittmuster drucken

1. Öffne die PDF-Datei (z.B. im Acrobat Reader).
2. Wichtig: Stelle in den Druckeigenschaften „tatsächliche Größe“ oder „100%“ ein, sodass der Ausdruck nicht skaliert wird. Drucke diese erste Seite aus und überprüfe die Maße des Kontrollkästchens.
3. Sind alle Einstellungen in Ordnung, kannst du die restlichen Seiten ausdrucken. Du kannst sie farbig oder schwarz-weiss drucken.

Schnittmuster zusammenkleben

1. Schneide jeweils den rechten und den unteren Rand ab.

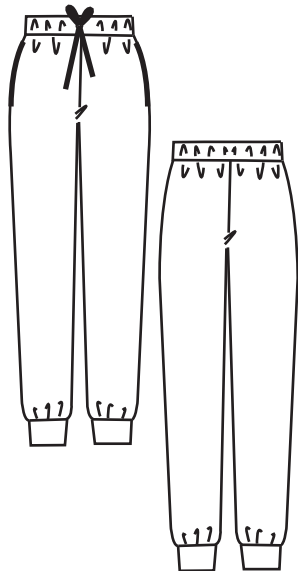

2. Klebe die Seiten aneinander (mit einem Klebestift oder einem transparenten Klebeband). Die Linien, sowie die identischen Zahlen und Rauten treffen dabei aufeinander. Starte mit den Reihen und klebe dann die Reihen an der oberen bzw. unteren Kante, aneinander.
3. Schneide die einzelnen Schnittteile in deiner Konfektionsgröße aus.

10 x 10 cm

Kontrollkästchen - bitte nachmessen und
prüfen, ob Breite/Höhe exakt 10 cm betragen

Taschenansatz

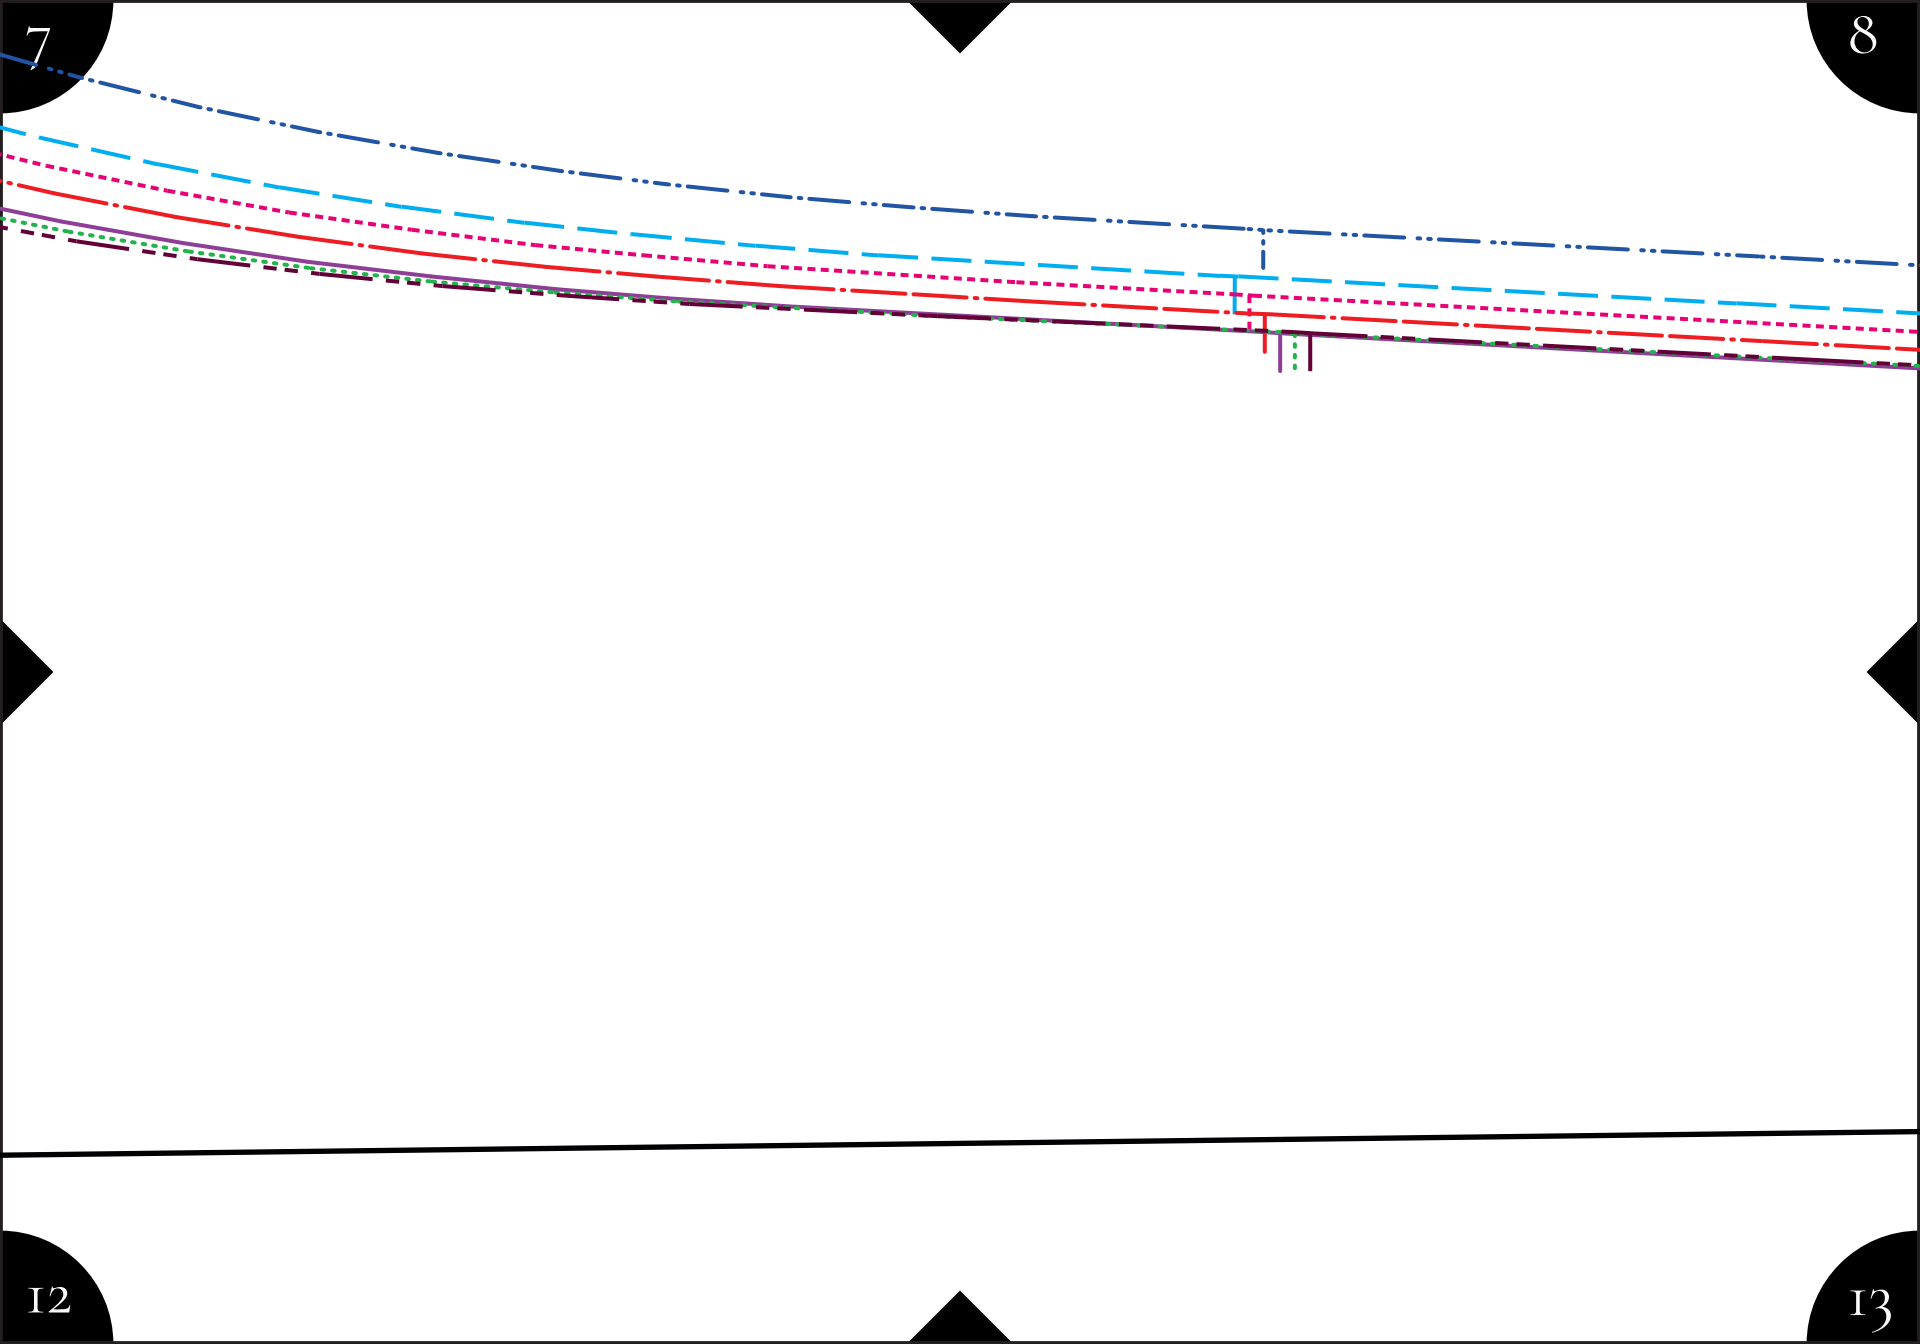

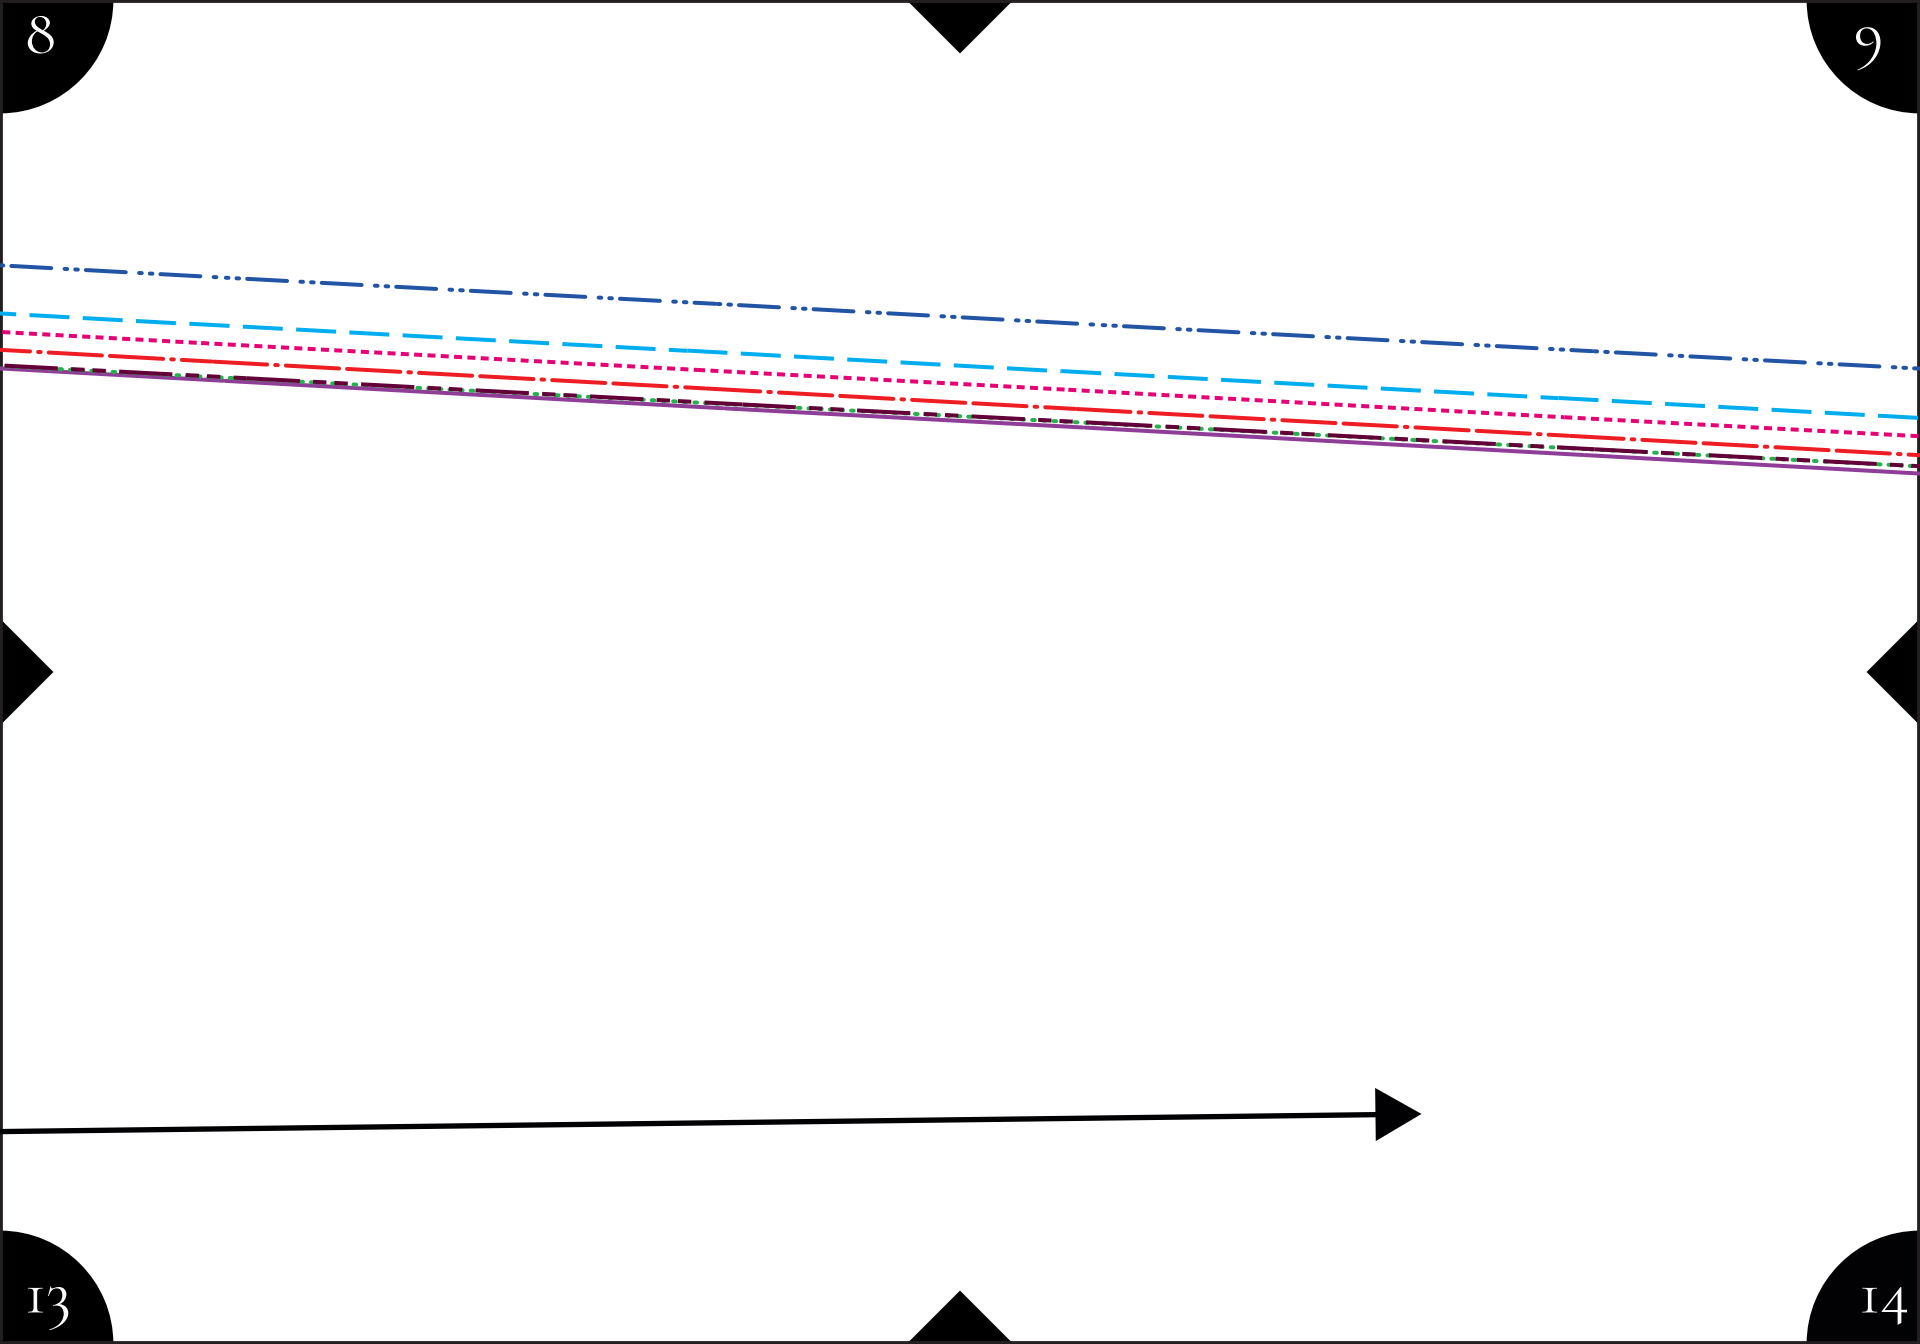

The diagram shows a pattern piece for the front of a pair of pants. It includes several lines: a solid purple line for the main body, a dashed purple line for the waistband, a dotted green line for the crotch curve, a red dash-dot line for the pocket opening, a pink dotted line for the pocket bag, and blue dashed lines for the leg opening. A label 'Taschenansatz' with a vertical line points to the pocket opening. The pattern piece is shown against a white background with black corner markers.
