

START HERE.

1. Select your Cup Size based on your HH measurement
2. Select your Band based on your Cup size then underbust measurement.

Check out our blog for more info on bra fit and alterations.
www.lilypadesigns.com/blog

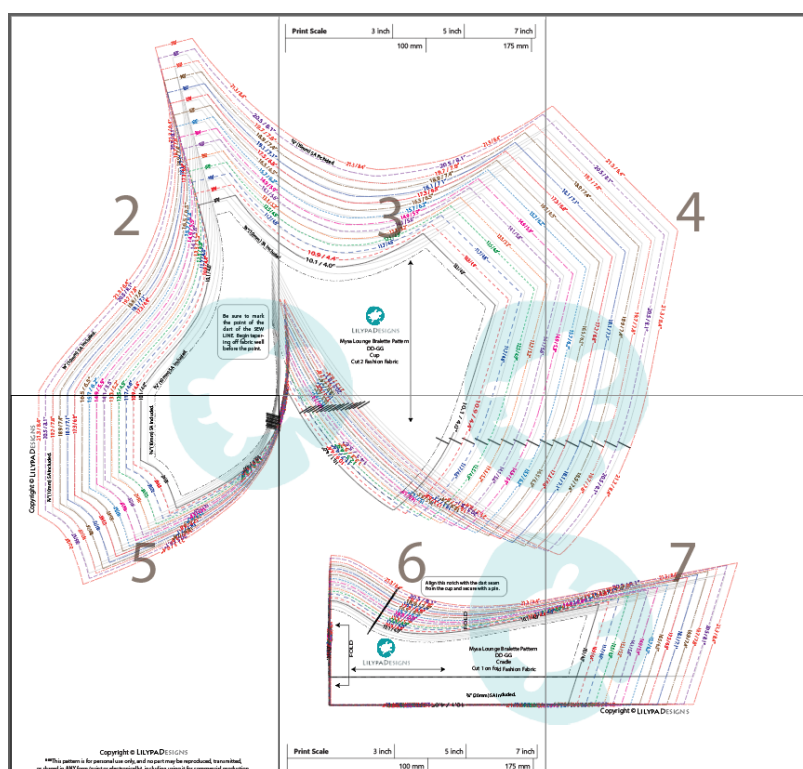

For BEGINNERS, we recommend using the HH size WITHOUT any optional steps and pin/clip the cups to fit at the muslin stage instead of grading. Grading instructions are on the blog and FB Group.

Additional Fitting Resources available:

Diagram 2 illustrates the layout for a Sewerage Line (SEW) with various pipe sizes and their corresponding dimensions. The diagram shows a series of parallel lines representing the sewerage line, with dimensions for each pipe size. The dimensions are listed in inches and millimeters (e.g., 5/6.5", 7/6.2", 9/5.9", 1/5.6", 3/5.2", 5/4.9", 7/4.6", 9/4.4", 1/4.0"). The diagram also includes a callout box with instructions: "Be sure to mark the point of the dart of the SEW LINE. Begin tapering off fabric well before the point."

Be sure to mark the point of the dart of the SEW LINE. Begin tapering off fabric well before the point.

Be sure to mark the point of the dart of the SEW LINE. Begin tapering off fabric well before the point.
