Sewing Assembly

Unless otherwise specified, sew using a **1 cm** wide seam allowance.

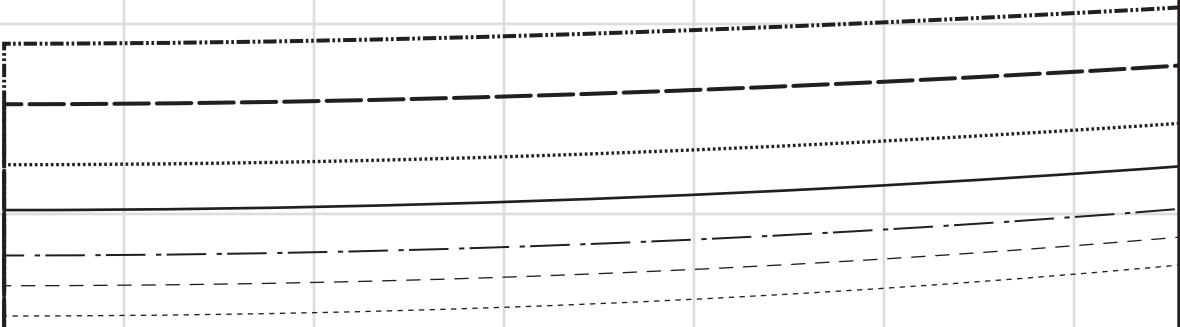

1. Be sure that you cut the top layers on the line, as indicated on the pattern. Then, sew the side seams on both the top and under layers.
2. Sew the top bands at the side seams. Fold the band lengthwise and sew it to the top layer, leaving an opening for the elastic.
3. With a safety pin, thread the elastic in the top band. Overlap the ends by 2 cm and sew in place (rectangle stitch or zigzag stitch).
4. Sew the under layer on the top layer, catching also the top band, but not the elastic. Be sure to place the wrong side of the under layer against the right side of the top layer.
5. Sew the tied sleeves all around, leaving an opening. Turn to the right side and close the opening by hand or edge-stitching.
6. Place the sleeves over the garment, centered with the side seams. Sew in the ditch of the side seams.
7. Hem the top and under layers (fold twice 2 cm).
