PRINT THE CUT

1. Open the pattern PDF and set the control square to Page 1 with the setting "Original size" on DIN Print A4 paper (US-Letter). (Do not click on "Adjustment to page size"!)
2. Check the square – if it is 10×10 cm, print out the whole cut sheet.
3. Place all pages next to each other as indicated by the arrows and adhere them row by row along the boundary lines, then glue the rows together.
4. Compare the body measurements with the table measurements and cut out the cut parts in the appropriate size. (The overview of the cut parts is on the pattern sheet.)

Important: Instructions do not include seam allowances, unless otherwise indicated!
